The Ashburian

Editor ----- *Mr. B. K. T. Howis*

Committee ----- *G. Wodehouse, L. H. Roberts, G. J. Hyman*

Advertising Editor and Treasurer ----- *Mr. W. H. Hewitt*

Apt. 6, 147 Fifth Avenue, Ottawa. (Phone Car. 2923-J).

EDITORIAL

Surely Ashbury has seldom experienced a happier term than this which is fast drawing to its end. The home-like atmosphere of Ashbury can hardly have been more in evidence; and this it is that makes for congeniality, harmony and happiness.

The Football teams (Soccer and Rugby) have gone through the term without a defeat, and we heartily congratulate Mr. Whitfield on this happy result.

We have almost forgotten that there is an infirmary! School activities are "going strong", especially the singing, and rehearsals of "Macbeth" are well forward. We are out to improve on the high standard already set in our Shakespearean productions and a note should be made at once of the date of the performance, i.e., Saturday, March 25th.

The Editor and his Staff wish all their readers a very Happy Christmas and Good Health and Happiness in 1933.

SCHOOL NOTES

We extend a hearty welcome to Miss Wadleigh, our new Lady Housekeeper and Dietitian. Before coming to us Miss Wadleigh had a long experience as a Dietitian-Housekeeper in the Toronto General Hospital and we already have received proof of her professional ability in the excellent quality of the food she is providing for us and also in her efficient management of the domestic side of our School life.

We were very glad to welcome back as our new House-Master, Mr. E. C. N. Edwards. No more popular choice could have been made. Mr. Edwards, who is a graduate of Christ's College, Cambridge, was House-Master at Ashbury from 1923-26.

We also offer a very hearty welcome to Mr. K. B. Castle, who comes to us after six years experience of teaching in England. Mr. Castle was educated at Whitgift School and Queen's College, Cambridge. He took his degree in Modern Languages and represented his College in Hockey (not ice!) and Tennis.

We offer our hearty congratulations to Mr. F. E. B. Whitfield on becoming a "centurion". Playing for the Cathedral C. C. he made 101 v. Ottawa C. C., on Sat., June 18th. In the season's batting averages he was placed 7th, with an average of 24.50. He enjoyed the distinction of playing against the Australians in the second match, in which, however, he did not score a century! He also umpired for the Australians in the first match, while Mr. B. K. T. Howis did likewise in the second game. Gordon Southam played for all Ottawa in both matches.

In the bowling averages for the season (O.V.C.C.), Fauquier was placed 3rd, with the excellent average of 8.87. Congratulations!

During the Rugby season the following Old Boys have played for the Ottawa Rough Riders: Lou Bates, Blair Gilmour and John Guthrie.

The School's contributions to the May Court Club's Campaign Fund amounted to \$22.50, to the Ottawa Welfare Fund \$150.00 and to the Poppy Fund \$17.55.

Donald MacLaren was one of the Pages to Lady Bessborough at the Opening of Parliament, on Thursday, October 6th. The other was Angus Wilson, son of Senator Cairine Wilson, one of our Governors.

On Saturday evening, October 22nd, Mr. F. D. Jacob, late Dominion Graphologist, most kindly paid us a visit and read the hand-writing of a number of boys. He was extremely entertaining, and, as the Headmaster (who was in the chair) remarked afterwards, was perfectly right in at least 90 per cent of his prognostications. We all hope Mr. Jacob will be able to come again ere the Winter is over. On another page will be found a few of Mr. Jacob's "prophecies".

The Boarders in the Junior School were the guests of the Headmaster and Mrs. Woolcombe at a Hallow E'en Party on Monday, October 31st.

In honour of the Football teams and their victories, a Half-Holiday was very kindly given on Tuesday, November 1st.

Our old Friend, Mr. Hedley Bridge is now a Magistrate at Arncliffe. We heartily congratulate him on his appointment, and we feel sure that any Ashburian "speeding" in the vicinity will receive not more than 4 Quarters!

On Saturday, October 29th, we were privileged to hear Capt. O. J. Aldom, who gave us a highly interesting and humorous Lecture on Egypt, illustrated with Lantern slides. We extend to him our grateful thanks.

On Monday, November 6th, the Senior Members of the School went to the Chateau Laurier to hear various Speakers on "The Oxford Group Movement."

The following Old Boys have visited the School since our last issue: David Mathias, Leonard Schlemm, Ronald Leatham, D. Ross McMaster, J. S. Oppe, C. E. Pacaud, B. R. Ritchie, R. M. Powell, J. C. Reiffenstein, Wilbur J. Hart, William H. Pugsley, J. G. Carrique, P. Murphy, S. C. Cooke, Alan B. Beddoe, Fred Sherwood, Harold Bell, S. Macdonnell, B. P. McCurdy, Edgar N. Rhodes, George S. Challis, C. Craig, Alistair D. Scammell, O. J. Cameron, Edward Fitzgerald, J. S. Irvin, R. Booth, Courtenay Evans, Car-gill Southam, Blair Gilmour, Adam Fauquier, A. MacCarthy, P. Brown, W. Boyd, P. Smellie, G. Perodeau.

The Debating Society has been revived this Term, under the Presidency of the Headmaster, and several interesting Meetings have been held. Some good speakers are being discovered, especially Heuser, Baskerville and Roberts. G. Ferguson is the Secretary. The committee consists of:—

Fauquier, Rowley, MacCarthy, Calder, Heuser 1,
Ferguson 1.

Every boy in the Upper School is a member of the society.

Macbeth is the play chosen by McGill and Toronto Universities for Matriculation in 1933, and for this reason, we shall present this tragedy at the Little Theatre on Saturday, March 25th at 8.15 p.m.

The Governor-General has very graciously consented to extend his Patronage to the Performance, should he be in Ottawa on the date of the Play.

The production will be in the capable hands of Mr. Brodie, and rehearsals are already in full swing. Mr. Howis is again the Secretary and Treasurer, and all applications for seats, accompanied by cheques, should be sent to him on and after February 1st. The special invitation matinee last year exhausted all our Balance, and we make an earnest appeal for your kind support and patronage.

The price of seats will be \$1.65 and \$1.10, including tax. May we remind you that early booking secures the best seats? Or, in other words,

The sooner you book,
The better the look!
Those who are near,
The better will hear.

We extend a cordial greeting to Dr. Whalley, who has succeeded our old friend, the Rev. J. H. Dixon, at St. Bartholomew's Church. Dr. Whalley comes to us each Thursday and instructs the various Forms in Divinity.

May we inform our Readers that Miss Edwards, a very old friend of Ashbury, is producing "The High Road," by Frederick Lonsdale, at the Little Theatre early in February. Mrs. Whitfield, Mr. Castle, Mr. and Mrs. Howis and Malcolm Grant (O.A.), are all appearing in the Cast, and a very entertaining evening is promised. Seats are \$1.10 throughout the Theatre, and tickets may be obtained from Mr. Howis, who will be glad to supply any further details, or from any Member of Miss Edwards' Company.

CHAPEL NOTES

On Sunday, May 29th, at Evensong, the Rev. C. G. Hepburn, M.C., Vicar of All Saints' Church, Ottawa, gave us a vividly interesting address on the Toc H (Talbot House) Movement, which was instituted by the Rev. P. B. (Tubby) Clayton, during the War. The Anthem, "Send out Thy Light and Thy Truth" was very finely rendered by the Choir.

The Preacher at the Closing Service held on Sunday, June 12th, at 7.15 p.m. was the Rev. G. Guiton of Christ Church Cathedral, Montreal. He gave us (and particularly to the Boys who were leaving), an extra-ordinary interesting Sermon on the value of an unselfish life, and we are very grateful to him for his kindness in coming. The anthem was "Incline Thine Ear" and appropriate Hymns and Psalms were sung. Many Parents, Old Boys and Friends were present.

A Prefect is now reading the Lessons at Matins on Sundays and at the short daily Evening Service.

At the Evening Service on Sunday, October 16th, the Rev. John Fisher very kindly conducted the Service, which was fully choral. The anthem was Beethoven's "Creation Hymn", in which all the Congregation joined heartily.

There was a special Thanksgiving Service on the evening of Sunday, October 9th. The Sermon was preached by the Headmaster and the singing was of a very hearty nature.

Instead of the usual Sermon on Sunday evening, Nov. 6th, we heard short addresses given by two Members of "The Oxford Group Movement". A brief outline of the Work was given and also some personal experiences of the two Speakers in England, India and elsewhere.

On Remembrance Day, Nov. 11th, there was a special Service in the Chapel at 10.40 a.m. There were selected Hymns and Psalms, and the names of all Ashburians killed in the War were read out by the Headmaster, who also gave an Address.

SPEECH DAY

The Annual Speech Day and Prize-giving was held on Wednesday, June 15th, in delightful weather. We were honoured by the presence of Sir William Clarke, the British High Commissioner, and Lady Clarke. In the course of an excellent speech, inter-mingled with good advice and humour, Sir William remarked that we have every reason to be proud of Canada as a country which is moving forward to a most important place in the British Empire and amongst the nations of the world! He prophesied that in the near future, leadership will pass to the young to an exceptional degree and that great opportunities were before us.

An address by the Headmaster followed, who reviewed the work of the past year, and we then heard splendid and able speeches from Cargill Southam (Head Prefect) and R. Coristine, (the latter in French). After some well-rendered choruses by the Junior School viz:—"Follow Up" and "La Marseillaise", under the direction of Mr. W. H. Brodie, the Prizes were awarded, as follows:—

The Governor-General's Medal.....	R. Coristine
The Nelson Shield.....	Cargill Southam
The H. S. Southam Cup.....	R. Stanfield
The Wodehouse Price for Science.....	N. Spence
The Whitfield Prize for Latin.....	R. Stanfield
The Dr. Woollcombe Prize for Scripture.....	H. Southam
Prize for best essay on Filtration Plant.....	G. Wodehouse
Prize for Loyal Service to the School.....	N. Gillies
Newcombe Prize for best all-round results in Junior School.....	L. Magor
Prize for best General Progress in Junior School	D. North

FORM PRIZES

Upper VI.—

R. Coristine, N. Spence.

McGill—

R. Stanfield, J. Magor, G. Ferguson.

Toronto—

R. Wodehouse, J. Maclaren, E. Sherwood.

Commercial—

D. Thompson.

Form V.—

W. Hadley, H. Southam, O. Whitby, A. Powell, P. Wilson.

Upper IV.—

L. H. Roberts, J. Ferguson, K. Stevenson, W. Fullerton.

Lower IV.—

W. Lawson, W. Hurd.

JUNIOR SCHOOL

Upper Form—

L. Magor, A. Purdy, J. Dixon, P. Barott.

Lower Form—

G. Perley-Robertson, J. Brown, R. B. Stannard, G. Hill.

The following guests were on the Platform:—Mr. and Mrs. M. R. Ferguson, Montreal; Senator Cairine Wilson, G. E. Fauquier, Mr. and Mrs. H. S. Southam, W. M. Southam, Lady Perley, Mr. and Mrs. J. A. Wilson, Miss Diana Clark, Col. S. H. Hill and Col. R. M. Courtney.

After the proceedings tea was served in the Dining Hall, thus bringing to an end a most successful and enjoyable function.

JUNIOR SCHOOL NOTES

We extend a hearty welcome to Mr. H. M. Porritt, M.A., who has joined the Staff of the Junior School this term. Mr. Porritt, having been educated at St. Alban's School, Brockville, and at Bishop's College, Lennoxville, is no stranger to Canada. He has already won the respect and liking of us all.

It is a pleasure to record that a number of Juniors are beginning to learn the art of piano playing. The teaching is in the capable hands of Miss F. Claudet. There has been for some years now a tendency to neglect amateur singing and instrumental playing because it is easier to turn a switch and listen to someone else making the effort. We cannot all be Rachmaninoffs or Edward Johnsons; but we can get a great deal of very real pleasure out of making our own music from time to time. It is to be hoped that more boys will "take piano" in the near future.

This term has seen the appointment of Monitors in the Junior School, and we congratulate Magor, Snelling, Ronalds and MacDonald on being the first holders of this new office. Up-to-date they have performed their duties well. They are beginning to learn a little of the meaning of the word "Responsibility", and to understand that there can be no privileges without duties.

The alteration of the hours for games has met with the general approval of Parents and boys. We now get, not only the best time of these shortening days, but further an unlimited choice of grounds. The marked improvement in football is due in no small measure to playing on a larger and better surface than we had last year. We are informed, too, that the effects on work of a second helping of pudding are much less noticeable if an hour's hard exercise has intervened.

We wish the best of good luck to the following who have left us for various destinations. John Allan, "Chippy" Reynolds, A. C. Dunning and D. Ghent have moved up into the Senior School; John Dixon is now at Upper Canada College, Toronto; Peter Barott, Selwyn House, Montreal; Douglas North, at school in the U.S.A.; Don Blue, Ottawa Model School.

We cordially welcome the following new boys:—Hobbs and Colvil from Montreal; Andreas Heuser from Hawkesbury; and Viets, Newcombe and Lawrence from Ottawa. Peter Newcombe is the third member of the Junior School who is the son of an Old Ashburian.

Three of the Juniors are to take parts in the School production of Macbeth, next March. It is further rumoured that Mr. Porritt has in mind the production of a play by the Juniors alone.

Mr. C.—"Who wrote this Essay for you?"

H.—"My Father."

Mr. C.—"All of it?"

H.—"No Sir, I helped him a little."

MATRICULATION RESULTS

The following boys matriculated last Summer and are now at the University :—

Dalhousie

ASHBURY "OLD BOYS" NEWS

Edson Sherwood's family was increased by one this summer by the arrival of a son. He will be named "Percy" after his grandfather, Sir Percy Sherwood.

Gordon Southam has been made a Director on the board of the Ottawa branch of the Ontario Motor League.

Pop Irvin injured his knee in the game between the Ottawa College and Royal Military College. He spent several days in Ottawa before returning.

Francis Gill is with the Bell Telephone Company in Kingston.

Frank Ritchie became the proud father of a daughter. Frank is living in New York.

The Grant brothers are globe-trotting, as usual. Fergus was on the Empress of Britain this summer acting as a reporter for the trip around the world. Malcolm is at present in France and Allister is shortly leaving for Mexico.

Lou Bates is trying out with the Ottawa Hockey Team and we hope he is successful in securing a place on the team.

W. D. Bell is now at St. Andrew's University, Scotland.

In the Beaconsfield Golf Club Tournament held on August 30th, Ralph C. Smith and Jay Ronalds distinguished themselves by their brilliant play.

Mr. Philip Woolcombe has been appointed Sales Manager to Cadbury Bros. Montreal.

J. A. Cameron (1921-19266) took Degree of Engineering at McGill, October, 1932.

Pat Bogert is now a Lieutenant in the Royal Canadian Regiment, stationed at London, Ontario.

Congratulations to Bob Craig on his excellent showing this year at centre half on the McGill Senior Rugby Team.

Ashbury is well represented in the Black Watch (Royal Highlanders) of Canada. The following Old Boys are at present on the active strength of the Regiment:—Herbert S. Bogert, John Bogert, Douglas Cowans, W. E. Dunbar, Arthur C. Evans, John Fauquier, T. W. Lyman, J. W. Ritchie, Allan Stevenson.

Brian Meredith is now Editor of *The Seigneur*, the magazine of the Seigniori Club, Lucerne, P. Q. He was formerly associate editor of *Canadian Homes and Gardens*.

Jacky LeMoine is spending the winter down south at Warm Springs, California.

Lenox Smith has a position in Bermuda.

Lew Clarke is with the Royal Horse Artillery, and sailed in October for England where he will serve with the British Army for 2 years.

Eric Beardmore has been in America for a year but is now settled permanently in Montreal, at 1321 Sherbrooke St. W. He is very anxious to keep in touch with all Ashburians.

MARRIAGES

At Halifax, N. S. on Saturday, June 18th, Constance Betty Burleigh, only daughter of Mr. E. L. Rowan-Legge and Mrs. Rowan-Legge to Donald McInnes (1918-1920) son of Mr. Hector McInnes, K.C. and Mrs. McInnes.

At Montreal on Thursday, September 22nd, Caro Kingman, daughter of Mr. and Mrs. Walter Molson to Frederick Angus (1915-1923) son of Mr. and Mrs. D. Forbes Angus.

At Ottawa on Tuesday, September 6th, Anne Elizabeth, daughter of Dr. and Mrs. Geo. MacCarthy to Robert Minnes (1917-1922) son of the late Dr. R. S. Minnes and Mrs. Minnes.

On September 2nd at Ashbury College Chapel, Shirley Styles to Philip H. P. Woollcombe.

At Montreal on June 11th, 1932, Jean Mackay, daughter of Mrs. George Mackay to Mr. Trevor Durnford Ross (1918-1922) son of Mr. and Mrs. A. Guy Ross.

At Montreal on Thursday, June 9th, 1932, Elizabeth Kingman, daughter of Mr. and Mrs. Ross H. Simms to Herbert S. Bogert (1915-1918) son of Mr. and Mrs. M. S. Bogert.

BIRTHS

At Ottawa on July 8th to Mr. and Mrs. E. M. Woollcombe (1907-1917) a daughter.

At Montreal on Sept. 21st to Mr. and Mrs. Evan T. Gill (1911-1919) a son.

It is with deep regret that we record the death of The Hon. Mr. Justice Orde, K.C. of the Superior Court at Toronto.

The late Judge was always a very warm supporter of Ashbury and was for many years while he lived in Ottawa a member of our Board of Governors. Ashbury in company with the country as a whole has suffered a distinct loss in his passing; and we take this opportunity of extending our sincere sympathies to his widow and family. The two sons of the late Judge, Colonel Reginald and Mr. Edward Orde are both old Ashburians.

Our sincere sympathies are extended to Mrs. Herbert Snell and her family upon the recent death of her husband, Colonel Herbert Snell, after a long illness. The late Colonel Snell had a brilliant military career, and during the last few years of his life was Manager of the Robert Simpson Company in Montreal. His son Herbert was at Ashbury from September, 1930, to June 1932.

Our sincere sympathies are extended to the Parents of David Eliot Cochrane who was at Ashbury from 1926-1928, and who passed away after a long period of ill health on October 2nd. We remember him as a quiet, thoughtful boy here in his School and always well behaved.

We deeply regret the sudden death of Mr. David Gilmour, an old Ashburian (1895-1900) which took place on September 27th. Mr. Gilmour was one of five brothers who attended the School and all of whom were noted for their athletic prowess. His son, John, was at this School from 1915-24). To Mrs. Gilmour and her family we extend our very sincere sympathies.

Our deep sympathy goes out to Mr. Lambart, whose wife died during the Fall. We would like to express our sincere condolences to him and his Family in their sad bereavement.

CRICKET

1st XI COLOURS :—

N. B. Gillies (capt.), T. W. Beauclerk (vice-capt.), D. Fauquier, R. L. Stanfield, H. R. Park, J. Symington, J. S. Galt.

We were not quite so successful as we were last year; there were several gaps from the previous season that were never adequately filled, but with several promising juniors in the team, the prospects for next year are distinctly good. We were beaten by Bishop's College School for the first time for some years and we congratulate them on a victory that was well deserved. We were too strong for Lower Canada and this year defeated the Old Boys.

There is no doubt that the lack of School games affects the School adversely and we hope that some generous benefactor, who has the interests of the School at heart, may help us make it possible to play some of the Toronto Schools again in the near future.

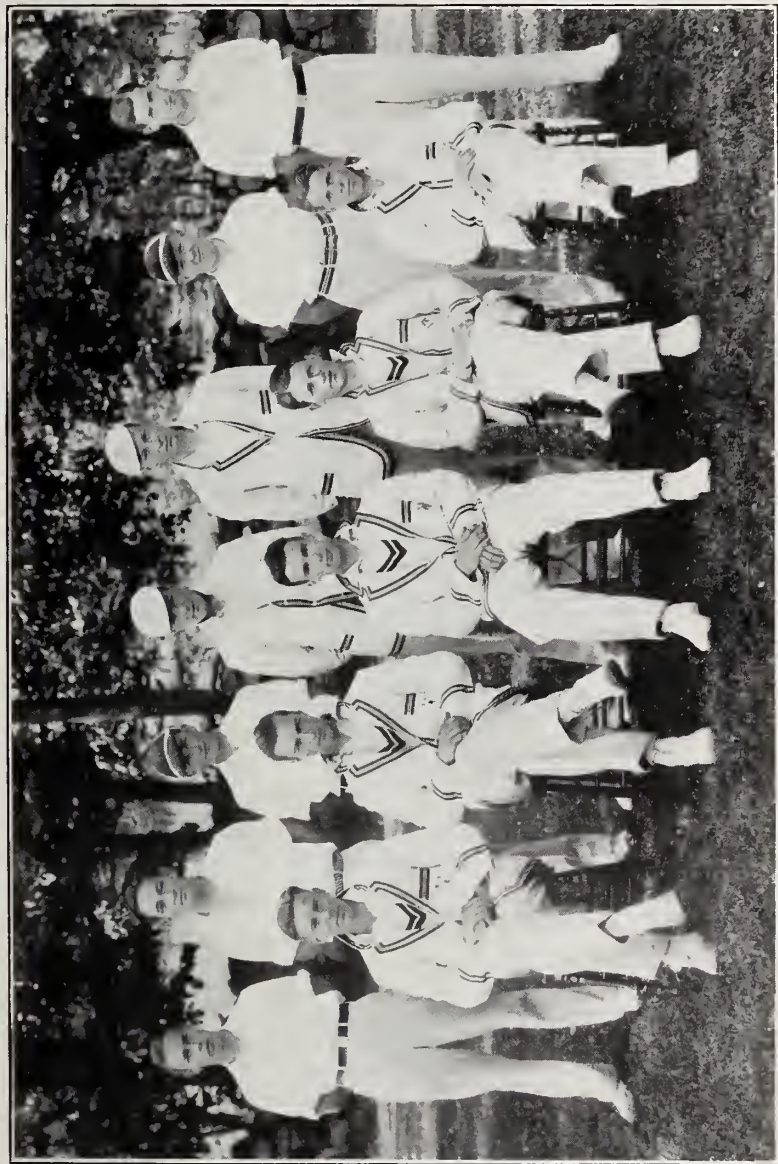

CRICKET CHARACTERS 1932.

N. B. Gillies, Captain. 3rd year on the team. A most enthusiastic captain who was unsparing in his efforts for the side. Steady medium paced bowler with a deceptive flight. Was rather hampered by ill health. As a batsman his style was unorthodox, but he was never easy to dislodge and frequently made runs when they were wanted. Good fieldsman anywhere and a very sure catch.

T. W. Beauclerk, Vice-captain. 2nd year on the team. Quite failed to do himself justice this year as a batsman. After an excellent start he seemed to lose confidence and was unable to get going again. Very quick in the field and a safe catch.

- D. Fauquier. 2nd year on the team. Developed into the most consistent batsman on the side. Has a good defence, but still fails to get his left leg close enough to the flight of the ball. A very steady medium paced bowler, who never lost his length and occasionally brought the ball back considerably. If he can acquire a little more pace off the pitch he should develop into a really good bowler. Safe catch and an improved slip fielder.
- R. L. Stanfield. 2nd year on the team. Took great pains with his batting and possesses considerable powers of defence. At present is too slow in getting his left leg across and his off shots lack power in consequence. Excellent catch and safe field.
- H. R. Park. 1st year on the team. A really useful medium paced bowler who at times produced a noticeable swerve at the end of his flight. Varied his pace and flight cleverly; might have been still more effective had he been given more work to do. Useful in the field; should learn to start for the ball a little quicker.
- J. Symington. 2nd year on the team. A natural hitter with a beautiful eye, but has not yet learned the value of footwork. Has a good off shot with plenty of wrist work behind it, but threw his wicket away too often through lack of patience. A good catch and occasionally brilliant in the field, but his work was a little too uneven.
- J. S. Galt. 2nd year on the team. A safe wicket keeper who gave little away. Rather too inclined to snatch at the ball. A good defensive batsman, who lacked scoring strokes on the off side, largely due to his awkward stance.
- G. Hyman. 1st year on the team. A promising batsman with an easy style. Has some good shots on the off side but must learn not to draw away when playing balls on his leg stump. Rather slow in the field but a good catch. Should be useful next year if he is prepared to work hard.
- A. G. MacCarthy. 1st year on the team. A neat left handed batsman who did not quite fulfil his early promise. Should develop considerably next year. Very useful as a reserve wicket keeper.
- G. Stanfield. 1st year on the team. May develop into a useful forcing batsman as he has a natural eye and some powers of defence. At present lacks judgment in picking out the right ball to hit and has not learned to use his feet. A safe catch.

CRICKET, 1st XI.
1932.

R. L. Stanfield, T. W. Beaucherk. N. B. Gillies (Capt.), D. Fauquier, J. Symington.
G. Stanfield, F. Heubach, G. MacCarthy, J. Galt, H. R. Park, G. Hyman, J. Calder.

J. S. Calder. 1st year on the team. A really excellent field, who was sound in any position. Has a good defence and can hit a leg ball hard, but is weak on the off side. Should develop his leg break bowling.

F. E. B. W.

THE OLD BOYS' CRICKET MATCH

The game was played on June 11th, and the School reversed last year's result, winning by 56 runs. Once more Pacaud played an excellent innings for the Old Boys, but Park and Fauquier bowled so well that the absence of Gillies was not felt and the side was dismissed for 71.

The School lost their first six wickets cheaply, but Fauquier played a very sound innings and when he was seventh out at 71 the score had been tied. Of the later batsmen Calder and G. Stanfield both did well. Mr. Cossar, who was playing for the Old Boys, secured 8 wickets for 24 runs.

ASHBURY vs. BISHOP'S COLLEGE SCHOOL

Played on the McGill campus, May 23rd.

Ashbury won the toss and sent Bishop's in to bat. On a matting wicket with the weather apparently settled it is a little doubtful whether such a decision can be justified and in the present instance Ashbury gained nothing. Bishop's started slowly, finding difficulty in scoring runs against the good length bowling of Gillies and Fauquier. With only 9 runs on the board Gillies bowled Wilson and then it seemed as if the side might be dismissed cheaply as three more wickets fell for the addition of 7 runs, Fauquier securing them all. However Bassett and Luther effected a timely stand, both batting soundly, and the score was carried to 47 before the next wicket fell. Kenny, Duncan and McDougall all batted well and the score reached a total of 113. Fauquier bowled steadily all through the innings and had the useful analysis of 5 for 39.

Ashbury started just as badly as Bishop's had done earlier in the day, Beauclerk, Galt, Fauquier and Gillies all being out with the score standing at 16. R. Stanfield and Symington then made a determined effort to stem the tide and carried the score to 32, but Symington, trying to force the pace too quickly, hit out at a ball he should have left alone and only G. Stanfield of the remaining batsmen offered any resistance. The innings closed for 63, leaving Bishop's victorious by 50 runs. The Ashbury batting was rather dispirited, but there is no doubt that Bishop's thoroughly deserved their victory.

ASHBURY vs. LOWER CANADA COLLEGE

Played in Montreal, June 4th.

Ashbury won the toss and batted first. Fauquier and Galt opened confidently, and gradually settled down to play good cricket, and the opening partnership realized 33 before Galt was out

l. b. w. R. Stanfield joined Fauquier and the second wicket put on another twenty runs. Both batsmen were dismissed at 53 and without any further addition to the score Beauclerk was clean bowled. Hyman made one or two good shots on the off but hit too soon at a ball and was bowled, five wickets being down for 68. Symington then joined Gillies and the best stand of the innings followed. Gillies exhibited a very strong defence and pulled any ball short of a length hard to leg. Symington made two or three beautifully timed straight drives, and one shot past cover was perhaps as good as anything in the match, but his eagerness to score off every possible ball proved his downfall. He was tempted by a ball wide on the off and was well caught at extra cover, but not till 43 runs had been added to the score. Gillies continued to pull with great strength and certainty and at lunch time the score was 141 for 9. Soon after the resumption Gillies was out leg before and the innings closed for 145. Dash was the most successful bowler, taking five for 21.

Lower Canada started badly as two wickets were lost for 2 runs and a third should have followed soon after as Smith was missed in the slips with three runs added. This mistake proved rather expensive as Smith and Cutbush carried the score to 58 when the latter was well held high up at deep mid off by Park off Hyman. Joined by Armitage, Smith continued to hit all round the wicket till he was splendidly caught at third man by Gillies with the score standing at 74. The remaining batsmen did not give much trouble and the side was dismissed for 104, leaving Ashbury victorious by 41 runs. Smith after his escape in the slips batted courageously and made very few mishits. Gillies and Fauquier both bowled steadily and well, and Park looked as good as either of them and might have been used a little more with advantage.

INTERMEDIATE CRICKET

Under 16 vs. Bishop's College School
at Lennoxville, Sat., June 3rd.

Our opponents won the toss and elected to bat first. Wickets fell rapidly and in less than an hour they were all out for a total of 29 runs. We were very much on our toes and several good catches were held, while two boys were smartly run out. Our reply to their total was a score of 67, thus gaining a big advantage of 38 runs. Their second innings was better and they compiled a total of 67, leaving Ashbury with 30 to win. We obtained these runs with the loss of two wickets, Powell and Cowans both rather foolishly throwing away their wickets in the last over of the game. Kirkpatrick was our best bowler. He took 6 Wickets for 13 runs. Powell hit well in the second innings. Ferguson II played the most correct cricket. Hurd made a brilliant one-handed catch at cover-point. It was discovered that Hadley is a juggler rather than a wicket-keeper! The fielding was good. Bishop's played very correct cricket, but Ashbury showed far more enterprise in going for the bowling, which was good. It was a thoroughly enjoyable game from start to finish and the bathe in the St. Francis River afterwards was well-earned. Our grateful thanks are due to the Headmaster of Bishop's for his very kind hospitality to the team. It was a splendid outing and we hope it may become an annual event.

The return match was played at Ashbury on Monday, June 5th, and this resulted in a win for Bishop's by 74 runs. We did not "shine" in this game. Five catches were dropped in the first half hour and our opponents went on to score 70 runs. To this we could reply with 54. Playing excellent cricket they made 105

in the second innings, leaving us to get 122 to win. In the hour left for play we went for the runs, but could only collect 47 and the game ended with eight minutes left for play in a win for Bishop's, as stated above. Davidson and Kirkpatrick were our best bowlers and Wodehouse, Little and McCormick all batted well. Ferguson II was quite efficient behind the stumps, but the fielding generally was far from good. Wodehouse used his bowlers very well. Luther II and Carter played excellent cricket for Bishop's while Bell and Lord bowled really well.

After the game Kirkpatrick and Powell were awarded their second team colours.

UNDER 15 vs. SELWYN HOUSE

This match was played at Home on Saturday, May 21st, and resulted in a win for Ashbury by 47 runs. MacBrien was top-scorer in the 1st innings with 14 runs, while Hadley and Weldon each contributed 7 to the total of 40. To this, Selwyn House replied with 59 runs, Kerr getting 26, by excellent cricket. Ashbury was very much more aggressive in the 2nd innings and made 87 for 5 wickets, Weldon obtaining 31, Powell 23 and Ferguson II 17, not out. Requiring 69 to win, Selwyn House could only get 21, against very good bowling by Powell, who took 8 wickets for 5 runs. Tétrault and Kerr were the best bowlers for Selwyn House, getting 7 wickets for 25 runs and 3 for 9 respectively in the 1st innings. We are looking forward to some useful work by Kerr (now at Ashbury) next year and many following years! The team was as follows:—

Davidson, (Capt.), Ferguson II, MacBrien, Powell, Hadley, Wood, Hurd, McCormick, Cowans II, Weldon, Rex.

Scorer:—Dawes.

B. K. T. H.

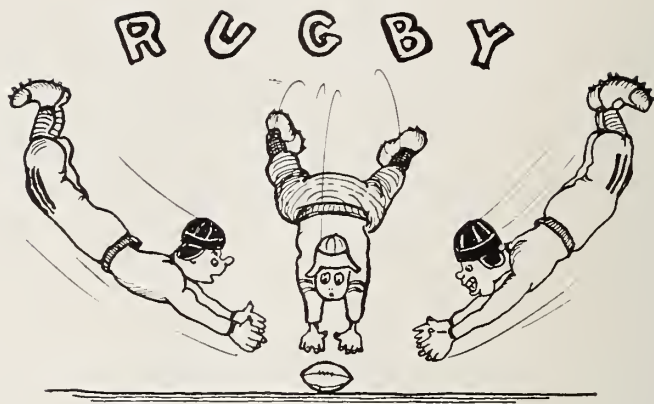

Mr. H.—“Your History was bad, and you had to write it out twenty times, but you have only done it seventeen times.”

F.—“Please Sir, my arithmetic is bad, too.”

Misprints:

Bungalow to let, with garbage.

Cook wanted; good wages and outings; appy after six o'clock.

FOOTBALL

The football season has proved one of the most successful on record, both Senior and Intermediate teams not only preserving an unbeaten record, but winning all their games outright.

The Senior team was a really good side and was particularly well balanced, and there is no doubt that the absence of any particular star player is beneficial to the general display of a School side. From a defensive point of view the team was as strong as any turned out by Ashbury during recent years, and the line did yeoman service in every game. As a side they showed considerable powers of recovery and the display against Bishop's College was particularly meritorious. On that occasion they were led 10 - 1 till shortly before the end of the third quarter, but fought back with great spirit and determination, winning eventually 11 - 10. Both tackling and interference were good and they varied their plays with marked effect.

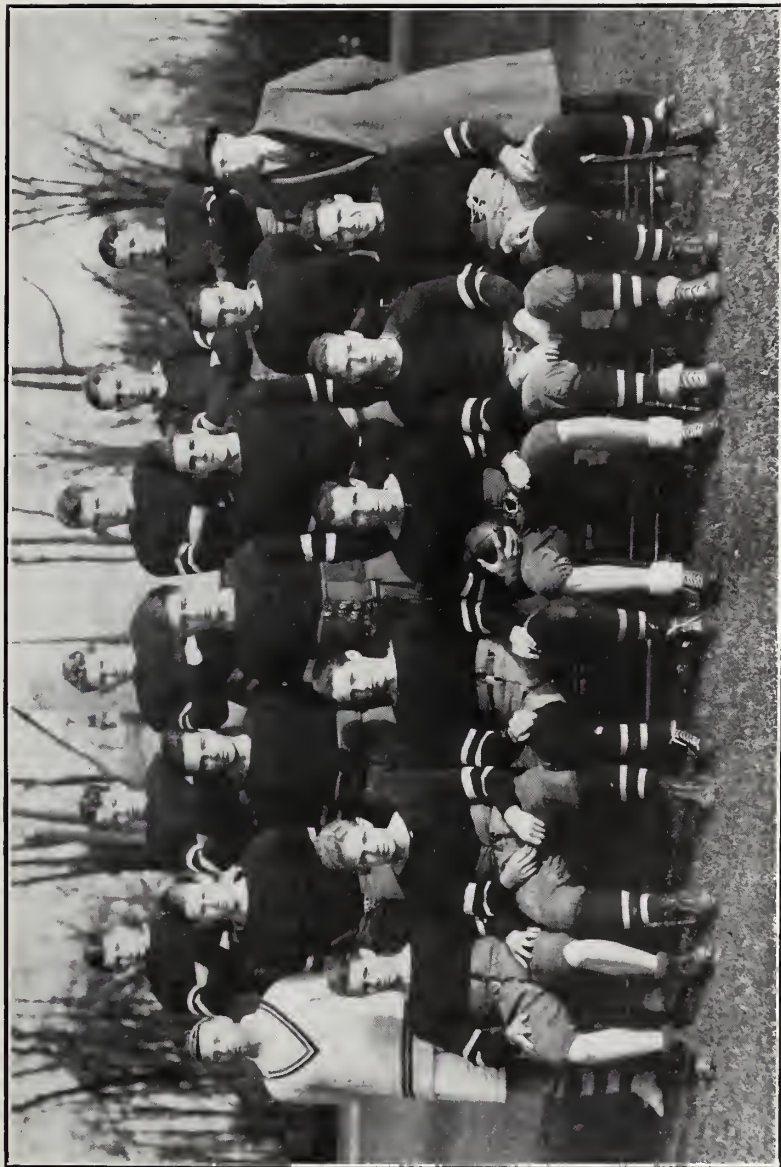

More than half of the team should be back next year and with several promising recruits coming along the prospects for next season look distinctly bright.

We would take this occasion of thanking Lou Cote and Blair Gilmour for the time and trouble they spent in giving us the benefit of their advice and experience.

The following were awarded their colours:—

R. Rowley, D. Fauquier, G. Wodehouse, V. Vickers, J. Symington, J. Stannard, J. Calder, C. Gale, T. W. Beauclerk, T. Cooke, G. MacCarthy, E. R. Allen, R. Wilson.

SENIOR FOOTBALL TEAM.
Inter-School Champions, 1932.

M. MacBrien. W. Fullerton. E. R. Allen. R. Wilson. G. Stanfield. G. MacCarthy.
F. E. B. Whitfield, Esq. J. Calder. T. W. Beauclerk. P. Roberts. T. Cooke. C. Gale. L. Cote (Coach).
J. Symington. J. Stannard. D. Fauquier. R. Rowley (Capt.). G. Wodehouse. V. Vickers.

FOOTBALL CHARACTERS

- R. Rowley, Captain. Flying Wing. 3rd year on the team. A really good tackle who watched the play closely. Good ball carrier and much improved kick.
- D. Fauquier, Vice-captain. Flying Wing. 2nd year on the team. An excellent tackle and effective ball carrier. Very dangerous near the line and quick to seize an opening. Useful kick.
- G. Wodehouse. Left Middle. 3rd Year on the team. A most effective line plunger, worked hard all through the game. Very safe tackle. Could always be relied upon to use his head.
- V. Vickers. Snap. 2nd year on the team. Strong defensive player who snapped all through the season with remarkable precision. Made excellent interference.
- J. Symington. Quarter. 2nd year on the team. A most enterprising player who varied his signals with conspicuous success. A very elusive and tricky runner who rarely failed to weave his way through an opposing team. Very safe tackle and good drop kick, unusually quick in getting down on kicks.
- J. Stannard. Half. 2nd year on the team. Very effective as a broken field runner and most difficult to stop when he had gathered speed. Greatly improved both in tackling and catching.
- J. Calder. Half. 2nd year on the team. A clever ball carrier who was quick to seize an opening. A safe catch and very reliable kick.
- C. Gale. Right Middle. 1st year on the team. A determined line plunger who rarely failed to make ground. Very sure tackle. His interference was always good.
- T. W. Beauclerk. Left Inside. 2nd year on the team. Improved greatly as a defensive player and made good use of his weight. Threw the forward pass with great speed and accuracy.
- T. Cooke. Right Inside. 1st year on the team. Works hard all through a game and developed considerable tackling ability. Strong on the line.
- G. MacCarthy. Left Outside. 2nd year on the team. A safe catch who was an adept in taking short forward passes. Might be a little quicker in getting down on kicks. Good tackle.
- E. R. Allen. Right Outside. 2nd year on the team. Very hard working but rather inclined to be drawn in too close to the scrummage. Might make a useful kick.

- R. Wilson. Inside. 1st year on the team. Hard worker on the line, who was good at interference.
- G. Stanfield. Spare half. Sure catch and reliable ball carrier. Good tackle. Should be very useful next year.
- M. MacBrien. Spare Outside. A very safe tackle but is at present too slow. Should develop considerably.
- P. Roberts. Spare line man. A really hard worker who shows great promise.
- W. Fullerton. Spare flying wing. A hard tackle who displays some knowledge of the game.

F. E. B. W.

ASHBURY vs. NEPEAN HIGH SCHOOL

Played at Ashbury on September 30th.

Ashbury soon placed themselves in an attacking position, and with effective line plunging and clever running round the ends, took play close to the Nepean line. Some quickly executed plays gave Stannard an opening of which he was not slow to avail himself and put Ashbury into an early lead with a touch. Symington converted. Keeping up the pressure Ashbury went further ahead when Symington dropped a neat goal on the third down. Ashbury lead at the end of the first quarter. 9 - 0.

Resuming after change of ends Ashbury were soon inside their opponents' 25 yard line. After some good work on the line Beauclerk found a gap in the Nepean defence and plunged through for our second touch. Symington again converted. Just before the close of the period Calder kicked a rouge and half time found Ashbury leading, 16 - 0.

The third quarter was more evenly contested and both sides had their fair share of the ball. Shortly before the close Ashbury carried the play close to the Nepean line and scored a further two points on a forced rouge. 18 - 0.

After some even play in midfield Nepean suddenly pulled themselves together and taking advantage of some rather loose defensive work on the part of Ashbury scored two touches in quick succession, one of which was converted. Ashbury soon recovered and held their opponents for the remainder of the game.

The following represented Ashbury:—

Halves: Calder, Stannard; Flying Wings: Allen, Beauclerk; Quarter: Symington; Snap: Vickers; Insides: Cooke, Wilson; Middles: Wodehouse, Gale; Outsides: MacCarthy, Stanfield; Spares: MacBrien, D. Heuser, K. Heuser, Barends, Yuile.

ASHBURY vs. LOWER CANADA COLLEGE

Played at Ashbury on October 22nd.

Ashbury kicked off and at once took play into their opponents' territory. They gained ground repeatedly through the line and round the ends, and after some few minutes' play Calder kicked a point. Lower Canada kicked from their 25 yard line on their first down and Ashbury secured the ball near the centre of the field. Symington and Stannard both ran well, eluding several opponents, the former gaining fully 30 yards before he was tackled. The ball was fumbled and a good chance of a touch was lost but Calder kicked on the 3rd down and put Ashbury further ahead. 2 - 0.

The next quarter saw Ashbury attacking again but some bad fumbling lost them the ball. The next few minutes were fairly even; all Lower Canada's efforts to make ground through the centre were unavailing as the Ashbury line was very firm, so they tried different tactics. On their next down they threw a wide lateral pass; the receiver in turn threw a forward pass of some 20 yards. The ball was well caught and the receiver had no difficulty in scoring a touch, which was not converted. It was a well executed play and deservedly placed Lower Canada ahead. Half time was soon called with the score:—2 - 5.

Lower Canada kicked off and Ashbury ran the ball back to their 35 yard line. They began to gain ground again and were well past the half way line when they lost the ball. Throwing one or two well judged forward passes Lower Canada reached our 30 yard line. They kicked on the last down but Ashbury ran the ball back 25 yards. Ashbury then rapidly took the ball down the field through some effective plunging by Wodehouse and clever running by Symington, Fauquier, Stannard and Calder. Calder kicked a low ball which touched a Lower Canada player before it crossed the line and a forced rouge was scored. The period ended with Ashbury a point behind. 4 - 5.

The fourth quarter opened with Ashbury on their 40 yard line, but they soon took the ball down the field. Symington dropped for goal but his kick went wide and Lower Canada ran the ball out. Rowley then kicked over the line; the ball was caught 4 yards behind, but Fauquier got down extraordinarily quickly and effected a splendid tackle, thus tying the score. Ashbury kept up the pressure and Fauquier broke away for a gain of 30 yards. From the ensuing down Rowley kicked and put Ashbury ahead. Lower Canada made a last effort and came down the ground by means of several well directed forward passes but Ashbury then held them till the final whistle. 6 - 5.

The following represented Ashbury :—

Halves: Calder, Stannard; Flying Wings: Fauquier, Allen; Quarter: Symington; Snap: Vickers; Insides: Beauclerk, Cooke; Middles: Wodehouse, Gale; Outsides: MacCarthy, Stanfield; Spares: Rowley, MacBrien, Roberts, K. Heuser, Fullerton, Bar-ends, D. Heuser.

ASHBURY vs. BISHOP'S COLLEGE SCHOOL

Played on the McGill Campus, October 31st.

Ashbury kicked off and play settled down inside the Bishop's 30 yard line. Ashbury gained a little ground through the line, and Rowley kicked on the third down putting Ashbury into the lead. The game developed into a fast open contest, with both sides repeatedly making large gains in turn. Towards the close of the period Bishop's had the ball on the Ashbury one yard line. They attempted to go through the centre for a major score but the Ashbury line held like a rock and succeeded in throwing them back several yards. 1 - 0.

The game continued to be very fast, moving rapidly from one end of the field to the other and neither side could gain any permanent advantage. Towards the close of the period Bishop's were in possession on the Ashbury 30 yard line; the ball was kicked over the line and as it fell loose from a fumbled catch, one of the Bishop's outsides fell on it for a touch which was not converted. Half time was called with the score:—1 - 5.

On the resumption, play settled in midfield, but Bishop's started an end run and, thanks to their superior pace in the back field, ran right round the Ashbury side for a touch, which was well deserved. Nine points down Ashbury fought back with great spirit and after much good play on both sides Ashbury fought their way to the Bishop's 5 yard line. Fauquier was given the ball and broke through the line for a touch. MacCarthy's kick struck the crossbar. The period then ended with the score:—6 - 10.

The last period produced some very exciting football with first one team and then the other gaining the upper hand. Ashbury made strenuous efforts to get on terms but for some time without success. Some five minutes before the close Stannard fielded a kick on his own one yard line and ran the ball back to half way. This seemed to spur Ashbury to greater efforts, as they swept down the field by line plunging and clever running on the part of Symington,

and took the ball to the Bishop's two yard line. There Fauquier was given the ball and again forced his way over for a major score, putting Ashbury ahead. Time was soon called leaving Ashbury winners of a most interesting game. 11-10.

This was a splendid game to watch, fought out at a great pace between two well balanced sides. Bishop's were undoubtedly faster in the back field, but Ashbury were superior on the line. The team showed good judgment in kicking what proved to be a very valuable point early in the game. Where all played well it is rather invidious to single out any one individual but Symington's elusive running was a big factor in the result. Again and again he weaved his way through the opposing side for considerable gains. There was perhaps not a great difference between the two sides but a team that is nine points down well into the third quarter and can then come from behind and win possesses a real fighting spirit.

The following represented Ashbury:—

Halves: Calder, Stannard; Flying Wings: Rowley, Fauquier; Quarter: Symington; Snap: Vickers; Insides: Beauclerk, Cooke; Middles: Wodehouse, Gale; Outsides: MacCarthy, Allen; Spares: Wilson, Stanfield, Fullerton, MacBrien, Roberts.

F. E. B. W.

SOCCER

It was not found possible to play so many matches as usual this year, as the weather turned cold unusually early. It was rather a pity as both Senior and Intermediate sides were decidedly useful and their records compare favourably with those of the Rugby sides as they too went through the season unbeaten.

We beat S. Alban's School at Brockville, 4 - 0, and drew with Lower Canada in Montreal, 1 - 1.

Beauclerk was once more a tower of strength in goal and was always reliable. Vickers playing in his correct position at right back improved considerably on his form of the previous season. His kicking is much more reliable though he is still inclined to lie too far back. Wilson at left back does not steady himself sufficiently at present and is rather slow in recovery, but kicks well against the wind. Of the halves, Fullerton shows promise but has yet to learn that a centre half must work hard all through the game and not fail to feed his forwards. He should be very useful next year. Allen at right half worked hard and showed considerable improvement but his kicking is a little crude at times. Hyman, the left half, has some knowledge of the game, but should learn to follow the play more closely. His kicking is neat. Calder, on the right wing, displayed good ball control and knows how to centre. Symington, at inside right, was the best dribbler on the side, but was too inclined to delay his shot. Stanfield in the centre worked hard and has a good shot, but did not swing the ball about enough. MacCarthy was neat at inside left and knows how to use his head near goal. Kerr at outside left is young and promising; he dribbles well and has good control of the ball but is apt to delay his centre too long.

Colours were awarded to:—J. Calder, T. W. Beauclerk, J. Symington, V. Vickers, G. Stanfield, G. MacCarthy, H. Kerr.

F. E. B. W.

ASHBURY JUNIORS vs. ST. ALBAN'S JUNIORS

At Brockville, on Oct. 15th. Two 30-minute periods were decided on, and, as St. Alban's won the toss, the home team chose to play against the wind for the first half. Magor opened the scoring for Ashbury after a pass from MacDonald and a twenty yard run down the right wing. After this, there was no more scoring, until the second half when Grant and Ronalds each scored, making the final total 3 - 0 for Ashbury. MacDonald, Grant, Magor, Ronalds and Wright played exceptionally well, while Thom, Maunsell, Ramsell and Wilson starred for St. Alban's. The line-up was as follows:—Goal, Brown; Backs, Stannard II and Snelling; Halves, Cassils, MacDonald (Capt.), Purdy; Forwards, Magor, Wright, Ronalds, Grant, Blair.

H. M. P.

JUNIOR SCHOOL FOOTBALL CHARACTERS

- J. Brown. (Goalkeeper). Watchful, quick and plucky. A fair kick. Does not always place himself to the best advantage.
- R. B. Stannard. (Right Back). A solid and stubborn defence man; goes hard for the opposing forward and generally gets the ball. A hard but clumsy and inaccurate kicker. Rather lazy at times.
- L. Snelling. (Left Back). A really hard working player who gives everything he can from whistle to whistle. A little inclined to kick wildly and without purpose, but generally a sound defensive player.
- A. Purdy. (Left Half). A neat kicker. Must learn to be more aggressive and to worry his opposing forward more consistently.
- E. L. MacDonald, Captain. (Centre Half). An excellent captain, who is acquiring the valuable knowledge of how to get things done with a minimum of shouting. He must cure himself of a tendency to wander; otherwise an untiring and valuable player, with very good control of the ball.

- D. Cassils. (Right Half). Sometimes very good, sometimes very poor. A strong and safe kick on his day. Very much inclined to wander from his place.
- G. Wright. (Outside Left). A good runner with the ball, but inclined to get rid of it too soon and unnecessarily. We look for better things from him; he has not improved as much as we hoped.
- I. Blair. (Inside Left). A dashing and hard-working forward with a quick and accurate shot. Too much inclined to hang back with the halves after our attack is under way. Very promising.
- J. Ronalds. (Centre Forward). A good dribbler and a good shot, although he often leaves shooting until too late. Rather lazy on the field and inclined to forget this duty to the opposing centre half when on the defensive. A very useful member of the team.
- W. A. Grant. (Inside Right). A hard working forward, but a little inclined to "dither" with the ball. Should make a really good forward next year.
- L. Magor. (Outside Right). A greatly improved player. A really good runner with a strong kick to the centre. He must learn, however, to find the mean between over running the ball and letting it get too far beyond him.
-

CONTEMPORARIES

We acknowledge with thanks the following:—The Albanian, The Marlburian, The Meteor, The St. Andrew's College Review, The Tonbridgian, The Trinity College School Review and The Trinity University Review; The Upper Canada College Times, The Collegian, Wanganui, New Zealand; The Mitre, The High School Magazine of Quebec; Selwyn House School Magazine, St. Thomas' College Magazine, Ceylon; St. Helen's School Magazine, Dunham; The Samara, Elmwood; The Tower, The Oracle, The Blue and White, Trafalgar Echoes, The Lantern, The Grove Chronicle, King's Hall Magazine, The Tallow Dip, The Windsorian, The Westmount High School Annual.

CADET CORPS NOTES

The undernamed Cadets have been promoted as follows :—

Company Leader	D. Fauquier
Platoon Leader No. 1 Platoon	J. Calder
Platoon Leader No. 2 Platoon	T. Beauclerk
Bandmaster	R. Rowley
Signalling Officer	G. Wodehouse
Platoon Sergt. No. 1 Platoon	C. Gale
Platoon Sergt. No. 2 Platoon	R. Wilson
Band Sergt.	G. MacCarthy
Signalling Sergt.	H. Southam
Drum Major	C. Vickers
Section Corpl. No. 1 Section	G. Ferguson
Section Corpl. No. 2 Section	W. Hadley
Section Corpl. No. 3 Section	J. Symington
Section Corpl. No. 4 Section	D. Heuser
Band Corpl.	M. MacBrien

The Cadet Corps has been organized as a Company, consisting of two platoons, Bugle Band and Signallers, all of which are training very hard with a view to improving the efficiency of the Corps.

Two teams have been entered in the Annual Laura Secord Competition. The teams are to fire off the competition during the week commencing 21st November 1932. The conditions of firing are :—

10 rounds, to be fired either Kneeling, Sitting or Standing.

10 rounds to be fired in 90 seconds.

A semaphore signalling class has been organized. 10 members of the Cadet Corps are taking part. The class runs for a period of 6 weeks, and at the expiration of the time allowed each Cadet is examined, and those who qualify are granted a Certificate together with a bonus of \$2.00. The Certificate and bonus are given by the Dominion Government.

F. W. S.

MODEL ESSAYS. No. (1).**MODERN PROGRESS.**

Progress means when you can travel say 20 times as fast and can build bigger buildings and goes to prove that you are brainier and better than guys like Aristotle or Isaac Newton and others that lived 50 or more years ago. Take for example in the old days a man would spend perhaps 2 hours in walking 7 or 8 miles for exercise. Think what a waste of time that would be when to-day you can go 60 miles in half the time in a good motor car.

We of this age who have invented all this progress have applied it to every walk of life. Drs. have invented all kinds of new diseases that people hadn't even heard of 50 years ago; modern statesmen have invented a depression bigger and better than anything Pitt or Walpole could of imagined. And we have applied progress even to little things like telling the time.

Take for example Alfred the Great or the Truth Teller; he was probably so ignorant that he couldn't tell anything else and so uneducated that he could not of told the time even if he had a clock. But instead he had candles and marked them so that he could tell how long they had been burning. To-day progress has invented the electric meter which tells you at a glance how much you have burnt. So that is how Alfred told the time.

Then again in the last century people depended on clocks to tell the time which they had to wind up every day or every night, and if one forgot to do this where were you when you were late for breakfast next day? Nowadays progress has invented the electric clock which if it doesn't go you just say so when you are late and don't get soaked.

Modern science has made it so that the electric clock will go sometimes for as much as 3 days at a time and you don't have to wind it at all, but all you have to do is just to send a telegram to Montreal and in a day or two a man will come up by a fast C.N.R. or C.P.R. train and fix it, so it will go again for a little.

Progress says you must have labour saving devices so that a machine will do the work that last century men would of done. This of course leads to unemployment and men losing their jobs, so that politicians and statesmen will have something to talk about in Parliament and elections. This is called Democracy and is another good thing invented by Progress.

Take for example the case of the electric clock. In old days a prefect would ring all the bells or if the prefect was busy or out, the Master on duty would do it. This is waist of man power and

not a labour saving device. In the case of the electric clock, or just underneath it, there is a little labour saving device that rings all the bells by electricity when the clock is going. So that instead of a prefect wasteing his time ringing bells he just has to see if the clock is going and if it isn't he just tells a small boy to go and ring the bell. Of course as I said if the clock is going, the clock will ring the bell; this is another labour saving device invented by Modern Progress.

All this goes to show that due to Modern Science and Progress the world to-day has progressed. We have education and democracy and labour saving devices, so that we are much better and brainier and in all ways cleverer than the men of the old days who hadn't even seen an electric clock.

(N.B. This is the first of a series of articles by one who has devoted much time to correcting essays, and who now intends to devote the rest of his time to teaching Geology. The next article will appear in 1936 or later.—ED.)

HOME O' THE HILLS

I'll build me a House on the Hillside
On the edge of a mountain lake;
Where the waters play
Both night and day
And joyful music make.

I'll build me a House on the Hillside
Where the wind blows hard and strong;
Where giant trees
Bend to the breeze
As the gale shrieks loud and long.

In that House I'll build on the Hillside
I'll fashion my scheme of life;
And learn the way
To win the day
When pressed by storm and strife.

In that House up on the Hillside
I'll learn to be kind and true;
To sing a song,
When the day seems long,
And smiling I'll see it through.

In that cheery House on the Hillside
The windows shall let in the sun;
And the gloomy thought
Shall turn to naught
And the hardest task seem fun.

(By kind permission of the Author.)
E. A. BULLEY.

DR. M. W. LOCKE, WILLIAMSBURG.

Williamsburg is a sleepy Ontario village with a meagre population of 500 to 600 people. It is situated six miles from Morrisburg on the Ottawa Highway.

On arriving at Williamsburg, one sees for half a mile in all directions, parked cars on each side of the narrow cross-roads. The occupants of these cars coming from all over the continent, are in a sad state; some are on crutches; some are in wheel-chairs, and others are being carried to the world-famed Doctor to be cured, or perhaps to be turned away as incurable.

The Doctor is a thick-set, powerful man, cheerful and sympathetic, with marvellous hands and china-blue eyes. On seeing him, one loses all fear and gains great confidence. He sits in an

office swivel-chair treating the stockinged feet that are thrust towards him, sometimes gently, at other times firmly, and quite frequently a manfully suppressed cry issues from the mouths of pain-racked bodies, but always the smile of hope and faith.

The patients sit on sixteen kitchen chairs and behind each chair is a line of some times thirty to forty people. One can imagine how many patients the Doctor treats, working 365 days a year, with three clinics a day; one at 10 A.M. the second at 3.30 and the third at 8.00 P.M., having only about one hour between each in which to rest.

Then comes the question of payment of accounts! The Doctor trusts to each person's honesty. For each day there, he asks only one dollar, to be paid at the end of one's stay.

Stories are thick in Williamsburg; one lady had been attending the clinic for eighteen days; she paid the Doctor in one dollar bills in a roll which he did not stop to count; another tried to defraud the Doctor and said:

"I have been here seven days; here are seven dollars."

"Is that all", he replied.

"Yes," she said.

"Your husband has had several treatments; do not come back." Said the Doctor.

One man left without paying at all and one year later he came back and was refused treatment; he asked why? The Doctor said:

"You passed me up last year; now it is my turn; do not come again!"

Such is the extraordinary memory of the "Miracle Man", as he is some times called.

Doctor Locke still insists that he is a simple country doctor and sometimes demonstrates the fact by leaving his thousands of waiting patients, to answer a call of some ailing farmer, charging only twenty-five cents for the call.

Many people leave this almost miraculous shrine with their crutches packed in their luggage; others, who arrived on stretchers, leave, walking.

A humorous side is also heard. A woman arrived from a Southern state and on seeing the lines of parked cars, and thronging people, came to this conclusion, and caried, "The Doctor is dead and I haven't ever seen him.

J. S.

(Editor's note:—Perhaps nowhere can such a sight be duplicated as the outdoor clinic of Dr. M. W. Locke held on a lot at the side of his house in the village of Williamsburg, some 40 miles from the College. On rainy days it is moved to a large barn at the rear. In summer it is estimated the floating population of the village numbers three to four thousand daily. The Doctor's technique and his reported cures are the subject of much discussion in medical and lay circles all over this continent. The scene about the Doctor's house has been likened to a page from the New Testament.)

GRAPHOLOGICAL PROGNOSTICATIONS.

- MacBrien. Has constructive talent. Should cut out the candy.
- G. Ferguson. Likes talking! A lawyer of the future. Has acidity.
- MacDonald. Has a nice way with him. A future surgeon. Refuses to do something for nothing.
- Yuile. Will make a good salesman! Prefers a pat on the back to \$5—(Maybe)!
- Kirkwood. Is the man behind the gun. Blue suits will suit him!
- Symington. Plays a lone hand.
- Sharp. Doctor. Will cure patients without anaesthetics.
- Allen. A nice humour. Can get round people!
- Heuser I. Will get his man (or object), and will never lack a dancing partner!
- Fullerton. Can stand a dozen diseases and come out smiling.
- Cowans I. Has personality. Will smoke while doing his business.
- Stannard I. A future Jack Dempsey!
- Wodehouse. Has an oscillating mind at present, but has the eyes of a hawk.
- Kirkpatrick. Intends to be boss! Will probably be a millionaire; is worth keeping in with.
- Wurtele. Cool-headed! Can get home in the dark. Will probably be stout!
- Dawes. Detective. Is a Sphinx. Great on finger prints. Watch out.
- Paterson. Friendly sort of chap.
- Vickers. Is both Scotch and Irish. A future politician. May get indigestion later.
- Baskerville. Has handy hands. Will never be a Professor of Mathematics, but may put on weight.
- Calder. A future Lionel Barrymore!
- Macorquodale. Prefers street-cars to walking.
- Kerr. A bit of a puzzle at present. May possibly become fat.
- Magor. Future surgeon; can carve a chicken.

B. K. T. H.

DAY DREAMS IN CLASS TIME

If only odds were evens ;
If only black were white ;
If Hall had ne'er met Stevens,
Nor coupled up with Knight ;
If Martin had been born a
Dumb, lazy guy like me,
Or if his comrade Warner
Had put arsenic in his tea ;
If the King would ban addition
Of decimals with their dot,
Shut up each mathematician
And turn the Lock on Scott ;
If beer gushed from a geyser
And bubbled everywhere ;
If only Mr. Frazer
Had strangled Mr. Squair ;
If H. would give up swatting
And drop to fifth or fourth ;
If Hillard ceased from Botting
And cut adrift from North ;
If I could get a birch, and,
With jibe and jeer and taunt,
Beat Hades out of Merchant
And wipe my feet on Chaunt ;
If I had lots of money ;
If candy were not dear ;
If Masters' jokes were funny ;
If half-past three were here.

W. H. B.

THE LITTLE BROADCAST

9.00 P.M.—and the big brown bear said to the little fuzzy rabbit, "Are you coming to my pretzel feed in the brier patch next Saturday?" "I thank you very much" said little fuzz, as he lipidy-lopped away. That's all kiddies, until next Saturday night.

This is station A.C.S.

You have just heard Uncy Joey telling the kiddies a bed-time story. Our next feature is Signor El Pacquo, who will answer the many letters he has received asking for advice on every possible subject. Here he is. O. K. Chicago.

9.30 P.M. Goodt efning, dees ees your verra goodt fren' Signor El Pacquo. I haff many letters for to answer too-night. De foist ees frum, vot you call heem, "Willard de pooh!" He vant to know for vhy he nevaire grow beeg like "Pop Eye." Mee? I dunno Willard; but I tink maybe sometime already yet so soon again, he grow beeg eef he take heemself a rest, don't you tink? De next ees frum "Flatfoot," I tink you call heem! He say "How can I learn to balance tee cup ven cornered by hostess behind grande peeano? I say to heem, Geef eet to your hostess und den I tink you blush plenty, uh. I foind here vun frum "Foigee". I tink he asks vhy he has sooch a sore chaw. I tink frum vot I haff hoid eet vud be better for heem to listen dan to talk. I um sure effery vun agrees. Now I haff—Vot! Ver ees de next letter! I um eensult! I um maida da foole!—

This is station A.C.S. now signing off until ten o'clock, when we will give you a series of musical selection by Roger and his band.

10.00 P.M.. It is still the same station folks, and is on the air again after a short interval. You will now hear for the next half-hour some martial music given by Roger and his buglers nine. (With a few drummers thrown in.)

10.30 P.M. This is station A.C.S. You have just heard some noises that need not be mentioned. As a specialty to-night we have with us the famous sports reporter "Smokey Joe" Roberts.

Good evening folks, it is great to be back in front of the "mike" again. The Rugby season is over now and the "Big Red Machine" did itself justice with the pigskin. They won the interscholastic title without a falter. The hockey team is doing lots of work these days and it won't be long before the boys will be showing their opponents a few new ways of getting the rubber disc into the "twine." The team has been having some fast workouts lately and the only disappointment is that Roberts-Allan is not up to his usual standard in the nets and I think Beauclerk will be filling that position. Well, I guess my time is nearly up, so I will end by giving you some inside dope on the way the coach told Rowley how to play football. The only thing he said was, "Dive Roger, dive."

10.45 P.M. This is station A.C.S. When you hear the musical note it will be precisely 10.45 P.M. Eastern Standard time. Adjust your stem—here it is—"BONG."

Ladies and gentlemen: Our next program continues immediately from our studios. —Rolph Wilsonski and his "Kentucky Knippers" will now give you a half hour of twilight music.

11.00 P.M. Station A.C.S. now presents the silky tenor whom every body knows by sound. He will entertain you for the next 15 mins. with his singing and tap-dancing.

11.15. The A. C.S. broadcasting station now gives you Jean Himan the "Cookery Kid". Step up, Jean. "Ladies, this evening I am going to give you my dainty cottage pudding recipe. Take a large round-bottomed bowl and half fill with flour, add a dash of baking powder, a few eggs, a spot of milk, a pinch of salt, tie in paper bag and boil for hours.———"

11.30 P.M. Still waiting—Station A.C.S. For the next half hour you will hear Johnnie Macloren and his "Dull Pencils" who will play some of the latest musical hits.

11.55 P.M. We interrupt our program now to give you this evening's hockey scores.

Jimmy Standard speaking:—The hockey scores were the Mount Royal Macaroons were defeated by the Old Ottawa Senators; the Chicago Black Jacks tied with Toronto Saplings.

You have just heard Jim Standard giving you to-night's hockey results. This is station A. C.S. now signing off until 7 A.M. when "Kirk" the strong man, will give you your daily dozen.

Your announcers were "Hutch" and "Chas."

Go-oo-od——Ni-i-ight.

J.G.M. & C.G.G.

Autographs

"On the carpet." No, thank you!
On one of our rugs made from old carpets?
Yes, please.

Ashbury polish. A good thing.

So is our work at polishing and renovating furniture, shampooing rugs
repairing rugs or carpets

THE REV. G. P. WOOLLCOMBE, M.A., LL.D.

Editor ----- Mr. B. K. T. Howeis
Committee ----- G. J. Hyman, G. Wodehouse, J. Sharp
Advertising Editor and Treasurer ----- Mr. W. H. Hewitt,
Britannia-on-the-Bay (Box 3).

We have a sad notice to record in this issue of the "*Ashburian*", namely, the retirement of Dr. Woollcombe, Founder and Headmaster of Ashbury since the year 1891.

Dr. Woollcombe has devoted his whole Life to Ashbury, and the School will ever stand as a lasting Memorial to the wonderful work which he has achieved. Many hundreds of Canadians to-day must be grateful for having come into contact with Dr. Woollcombe, and for his unbounded care and kindness for their welfare. He will be sadly missed in every department of the School Life, but perhaps most of all in the Chapel. One seldom hears the Lessons read as he reads them. He makes each an interesting Story. That strong, resonant voice can never be forgotten. His eloquent sermons, full of appeal; his voice leading the singing, and the quiet beauty of the Communion Services are memories to be cherished. Ashbury's Chapel is one of its chief charms. The Head's presence therein seemed to change its atmosphere and made it at once fulfil its purpose—A House of Prayer and Thanksgiving.

The deep and heartfelt interest which Dr. Woollcombe takes in every Boy is too well known to need stress here. He has been a "Father" to all of them. His ready understanding, tact, sympathy and kindness of heart are proverbial. His motto well might be:—"Justice tempered with Mercy".

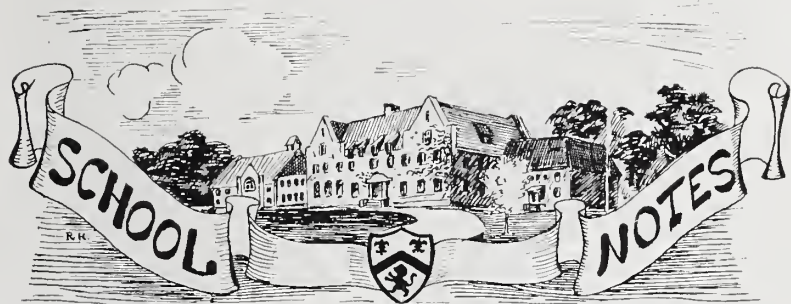

Dr. Woollcombe has been a real pioneer in the work of Education in Canada. Forty-two years is a long Innings, but he is still "Not out" and lucky indeed will be the Parish that secures his services in England. We would like to picture him and Mrs. Woollcombe living peacefully in an old world Vicarage and Garden, overlooking the sea on the south coast of England; in his study there will be pictures of Ashbury and of Old Ashburians, and in his house there will be a spare room set aside, with the Ashbury pennant over the bed, and we know that every Ashburian and everyone connected with Ashbury will always find a warm welcome awaiting and the "Head's" cheery greeting, "Well, my Boy, sit down and tell me all about yourself and the old School".

It is good to know that Dr. Woollcombe will remain on the Board of Governors, and we feel that as long as he is able, he will never miss that annual trip across the Atlantic, and in June, 1934, we shall see him back, and the School will rock with the welcome that the "Old Head" will find awaiting him.

And so we say "Au revoir" and wish him and Mrs. Woollcombe many more years of quiet peace, good health and happiness.

The "Ashburian" extends a very hearty welcome to Dr. Woollcombe's Successor. When the rumour got abroad that the Head might be retiring, we all hoped that Mr. H. F. Wright would become our new Headmaster, and Ashbury is indeed lucky to have such a capable and popular man to fill the gap. We further offer a cordial welcome to Mrs. Wright, knowing full well that she will always evince the keenest interests in the School's welfare.

In our next issue, we propose to give a short History of Dr. Woollcombe's work in Ottawa; also a résumé of Mr. Wright's career and a photograph.

SCHOOL NOTES

We offer our heartiest congratulations to Mr. F. E. B. Whitfield who was elected President of the Ottawa Valley Cricket Council for the current season. We ask you; could the Presidency be in better hands?

Extract from The Journal:—"Cricket has grown in popularity in the Capital of late years, and the visit of the Australian Cricketers last summer helped. Ashbury College has also done much for the game in this district." Thank you!

On Saturday evening, January 21st, Mr. Whitcher, an old Ashburian gave a very interesting lecture on "Radio". We wish to express our best thanks to him for his kindness.

The Gymnasium has been adorned with some very magnificent mounted heads, very kindly presented by one of our Governors, Mr. E. F. Newcombe, K.C. We are extremely grateful to him for his kindly thought.

Since our last issue, three late members of the Teaching Staff have visited us, namely, Mr. Kerr, Mr. Clarabut, and Mr. Hedley Bridge.

Dr. Graham Orchard has resigned the Headmastership of Trinity College School, Port Hope, and with his wife is leaving Canada to settle in England. We offer them sincere good wishes for their future happiness.

Mr. Flinn departed from us at Christmas after many years of patient, steady work on the Ground Staff. He was always to be seen pushing or pulling something! His punctuality was proverbial. It is said that the man in charge of the gun on Parliament

Hill would first enquire the time from Flinn before pulling the trigger! Our good wishes to you, Mr. Flinn, and "Happy Days". We add a word of welcome to his successor, Mr. Weston, who has already proved his worth. The School Grounds are a credit to him, and, of course, to Mr. Oliver.

For the Etching, from a photograph, of the Headmaster and for all other drawings in this number, we are indebted to R. S. Hyndman.

Arrangements were made during the year by Mr. Johnson for the following trips to Plants and Factories of interest from a commercial and scientific point of view:—

Upper VI. Dominion Ores and Metallurgy Dept.

Hull Iron and Steel Foundry.

Canada Cement Works, Hull.

Phosphorous Plant, Buckingham.

Toronto. Ottawa Gas Works.

McGill. International Pulp and Paper Mill, East Templeton.

CHAPEL NOTES

There has been a tremendous improvement in the singing during the last year. There was a most enjoyable Carol Service held on Sunday evening, Dec. 18th, when carols were sung, not only in English, but also in Latin, French and German. Anthems have also been introduced into some of the Sunday evening services. The credit for this excellent work must be given to Mr. H. F. Wright, who has devoted a great deal of time to the Choir and School in general.

On the last Sunday of the Lent term the choir gave a very creditable performance of Stainer's Crucifixion. For this occasion the choir was augmented by some sopranos from Elnwood and two soloists, Messrs. K. Garvock and J. W. Johnson, who sang the tenor and bass solo parts respectively. The Cantata was directed by Mr. Wright and the service was conducted by the Rev. Canon Austin Smith.

The Annual Confirmation Service was held in the Chapel on Friday evening, May 5th, when the following boys were confirmed by His Grace the Archbishop of Ottawa:—Arthur Hugh Balders, John Maurice Brown, John M. T. Boutilier, Leonard A. Courtney, Lincoln S. Magor, Kenneth Meredith Molson, Edmund L. MacDonald, John Alan Powell, Henry Jay Ronalds. His Grace de-

livered a most helpful address from the Text, "I can do all things through Christ Jesus, who strengtheneth me." There was a very large congregation. The beautiful Lilies on the Altar were the gift of Mrs. Kenneth Molson, of Montreal. Together with Dr. Woollcombe, Dr. A. F. C. Whalley officiated in the Service.

We wish to extend our very grateful thanks to the Clergymen who so kindly conducted the Services in Chapel during the Headmaster's absence. On Sunday, Feb. 12th, we had the special privilege and pleasure of a visit from His Grace, The Archbishop of Ottawa, who gave us one of his customary interesting sermons. He was attended by The Rev. C. G. Hepburn, Vicar of All Saints Church, who conducted the service. The Lessons were read by Mr. Whitfield, and the Choir rendered Mendelssohn's well-known anthem, "Oh for the Wings of a Dove", with Mr. H. F. Wright at the organ.

Mr. Edwards has most ably officiated at the Organ when Mr. Wright has taken the Services. We are indeed lucky to have two such capable and efficient organists on our Staff.

OLD BOYS' NEWS

We offer our hearty congratulations to Alan C. Gill, who has been honoured by being elected President of the Ottawa Fire Insurance Association. Cyril Currier was elected first Vice-President.

Gordon Southam was one of the prime organizers of the successful Hockey Benefit Game, held on Feb. 11th, at the Auditorium on behalf of the Unemployed in Ottawa.

H. R. T. Gill has been appointed the Ottawa representative of the Firm of Collier, Norris & Henderson, Ltd., Investment Bankers of Montreal.

Pop Irvin has been playing some fine hockey for R.M.C.

Kingsley Ault played the part of Shylock, also that of Withers in the Dominion Drama League Festival this season.

Lou. Bates played in the Hockey game against the Ottawa Pros this Winter.

Donald MacLaren, the son of Brigadier-General and Mrs. C. H. MacLaren, and Angus Wilson, son of Norman F. Wilson and Hon. Senator Cairine Wilson, again had the honour of being chosen by Her Excellency The Countess of Bessborough, to act as her Pages at the Drawing-Room held on Feb. 10th, in the Senate Chamber.

Carroll L. Gault is now Comptroller of the United Aircraft and Transport Corporation, New York City, U.S.A.

David Mathias has had a busy year at the Boston Tech. In addition to a strenuous course of studies he found time to capture a place on the University Hockey Team, and we hear he is now playing Lacrosse.

Ronald Leatham has been elected President of the McGill Players' Club in Montreal.

Philip Scott is now in Scotland, studying Medicine at Edinburgh University.

Lou Clarke played on the All England Hockey Team at St. Moritz, Switzerland, this Winter.

Malcolm Grant, Guy Perodeau and Bobby Craig had the sympathy of us all, when we heard of their respective accidents during the winter. We are glad to know that each has fully recovered and is now fit and flourishing.

The following Old Boys have visited the School this year:—Gordon Southam, Adam Fauquier, Peter Smellie, Cargill Southam, W. MacBrien, K. Davidson, Murray Turner, J. S. Oppé, Norman Gillies, John Rowley, Wilfred R. Butterworth, Guy Perodeau, Garner Currie, Arnley Cox Holland, W. H. Pugsley, H. Cann.

Gordon Southam is Vice-Captain of Defence C.C. this year. Peter Smellie and Adam Fauquier are also playing for the Club.

BIRTHS

We congratulate Mr. and Mrs. J. C. Brennan on the birth of a son on March 14th, also Mr. and Mrs. Henry Gill, to whom also a son arrived on March 13th. Also to Mr. and Mrs. Evan W. T. Gill, of Montreal—a son.

A daughter was born to Rev. and Mrs. H. N. Myers, on the Feast of the Epiphany, Jan. 6th. To each we extend our very sincere congratulations.

MARRIAGES

Hearty congratulations and all best wishes to Mr. Fulford Hardy who was married to Betty Hill of Toronto. Also to Mr. Peter Redpath who married Miss Luzenia Beckwith on Nov. 16th, 1932.

DEATHS

Our condolences go out to the family of Mr. Elbert Soper, who died on January 16th.

It is with deep regret that we record the death of Dr. Ernest Voorhis, who was Senior Classical Master at Ashbury from 1914 to 1919. Dr. Voorhis was one of the ablest and at the same time one of the most respected Masters that Ashbury has been privileged to have on its Staff, and the news of his passing will be received with deep sorrow and regret by his many old pupils.

We extend our sincerest sympathies to Mrs. Voorhis and his relatives in their great loss and bereavement.

Donald McCurdy

All who knew him at Ashbury will sincerely mourn the untimely death of Donald McCurdy, who was with us from September 1918, to June 1925. We know him as a boy popular with all and as one who was in every sense loyal to his School. He possessed abilities above those of the average boy and there seemed to be in front of him a very brilliant future. Called away just as he was ripening into full manhood, his loss is indeed a great one, and we extend our sincerest sympathies to his bereaved parents and family.

THE FOURTH ANNUAL PLAY

MACBETH

Macbeth was produced at The Little Theatre on Saturday evening, April 1st, in the presence of His Excellency, The Governor-General and before a large audience. The general verdict seems to have been that not only had the School maintained its customary high standard, but had excelled it this year. Mr. W. H. Brodie (the producer) deserves our heartiest congratulations for the great success of the Play. We append the full Cast, and also a Criticism of the production by Mr. E. W. Devlin, himself a Producer, Actor and Playwright.

DRAMATIS PERSONAE

FIRST WITCH	-----	A. Grant
SECOND WITCH	-----	L. Magor
THIRD WITCH	-----	A. Purdy

CRITICISM BY MR. EDWARD W. DEVLIN

Ashbury College chose this year to present "Macbeth," the fiercest and most highly-pitched of all Shakespeare's tragedies; and they made a remarkably good job of it. The rapid movement of the plot was preserved in the production, scene following scene with scarcely a pause. The direction was simple, grouping and movement clean-cut and in most cases very effective. The stage settings were reduced to essentials, and wisely so. In many cases the bareness of the stage heightened the effect of the tragedy; especially in the seventh scene of act one, which discovered Macbeth seated alone on the stage, so that the 'If it were done when 'tis done' speech came forth naturally as the outpouring of a mind quailing before a terrible action. Banquo's murder and Lady Macbeth's sleep-walking were both made highly effective by being played on an almost empty stage. The supernatural effect in the banquet scene was better achieved by Macbeth's addressing an empty chair, than if the customary cheese-cloth ghost had glided in and sat down. I think the cauldron scene at the beginning of act four would have been better had the procession of eight kings actually passed in the background. When Macbeth is in his own castle among his own people, it is just that the phantom that haunts him should be seen by none but himself; but in this scene, where all is unnatural, a procession of visible phantoms, followed by Banquo's ghost, would have been dramatically effective.

The Witch scenes were good, particularly the first one, played as a kind of prologue before the house curtain. The setting and lighting of the cauldron scene were imaginative.

I noticed several ungraceful exits, the last line of a scene being spoken from the middle of the stage before the speaker turned to go. There were many cases where the last words might have been spoken either on the way out, or in a pause just before the exit, as a sort of after-thought. This fault gave a feeling of stiffness and stageyness that was otherwise notably absent.

The discovery of Duncan's murder could have been worked up far more than it was; and there was throughout this need for building of climaxes, and for variation of timing and emphasis. I know that the conditions under which the play was rehearsed make this difficult; yet it should not be overlooked. Again, I found that many speeches were lost, because they were gabbled in a more or less conversational manner. I believe that this can be avoided without very much trouble, and suggest three remedies: taking speeches more slowly, placing emphasis on the important words, and observing pauses where the sense demands them.

As to the acting. D. Heuser was a splendid choice for Macbeth. Although he began weakly, he gathered strength quickly, and toward the end he carried the whole play. To my mind he was best in the last three acts, where the greatest demands were made on him—and particularly in the banquet scene. His voice was clear and carried the verse well.

O. Whitby as Lady Macbeth was remarkably good, not only in his acting of a woman, and a very difficult woman at that; but in his delivery of the lines, none of which were lost. He realized much of the strength and terror of the words; and was best in the sleep-walking scene in which he finely sustained the sombre, tragic mood. The scenes between these two were the best in the whole play.

H. Southam spoke well and carried himself finely as Malcolm. G. Ferguson as Duncan was unhappily almost inaudible, but he bore himself well. J. Stannard as Macduff and G. Wodehouse as Banquo were two strong characters. A Grant, L. Magor and A. Purdy played the Witches with gusto and a fine sense of the grotesque. L. Roberts played his one scene as the Porter too much in the same key as the rest of the play; and so, although he did it well, he did not make it stand out, as it should, by reason of its contrast.

The rest, whom I cannot mention, contributed those small and smoothly done parts which are so necessary to the success of the whole. The director is to be congratulated on his production of so difficult a play.

We wish to express our thanks to our old Friends, Miss Mary Edwards and Mr. W. Cromarty for their kind help in "Making-up" the Players, to Mr. Crowson and Mr. Oliver for "Properties" and to R. S. Lyndman for his excellent "Poster". Finally, to Mr. Edwards for "Noises off".

The Annual Dinner was held in the School Dining Hall on the evening of Friday, June 9th, with the Headmaster present, after which the Company witnessed a "Movie."

CONTEMPORARIES

We acknowledge with thanks the following:—The Albanian, The Marlburian, The Meteor, The St. Andrew's College Review, The Tonbridgian, The Trinity College School Review and The Trinity University Review, The Upper Canada College Times, The Collegian, Wanganui, New Zealand, The Mitre, The High School Magazine of Quebec, Selwyn House School Magazine, St. Thomas' College Magazine, Ceylon; St. Helen's School Magazine, Dunham; The Samara, Elmwood; The Tower, The Oracle, The Blue and White, Trafalgar Echoes, The Lantern, The Grove Chronicle, King's Hall Magazine, The Tallow Dip, The Windsorian, The Westmount High School Annual.

HOCKEY

Once more we can look back upon a season which has worthily upheld the high standard that has come to be associated with Ashbury teams. We had four "Colours" left from the previous season and it was soon obvious that we were well off for forwards, but rather lacking in experience in defence. The defence were always triers and gave of their best, but there is no doubt that the success of the team was largely due to the forwards. Not only were they unusually good in attack but were tireless in their checking and the first line displayed hockey of more than average ability.

Again we were successful in securing the services of Jack Dunn as coach, and the team responded well to his teaching.

As regards School matches we went through the season unbeaten till our last game, when we had to bow to Lower Canada College in Ottawa, a team which we had previously beaten in Montreal. It was unfortunate for us that the game in Ottawa alone counted for the Old Boys' Cup, as this defeat was responsible for our surrendering the cup to Lower Canada. We heartily congratulate them on their success. Financial reasons precluded more than a single fixture with Bishop's College School, and the game was played at Lennoxville. This was a very good match but Ashbury lasted a little better during the overtime period and won 4-2.

SENIOR HOCKEY TEAM
1932-33

J. Calder, F. E. B. Whittfield, Esq., C. Gale, D. Fauquier
R. Wilson, L. Roberts, E. R. Allen, V. Vickers
G. MacCarthy, J. Symington, T. W. Beaulier (Capt.), G. Stanfield, H. Cowans.

Perhaps the best performance of the season was our first game with the Shamrock Juniors, a Junior City League team, whom we defeated 3-2.

The following were awarded their colours:—

T. W. Beauclerk (capt.), D. Fauquier (vice-capt.), J. Symington, E. R. Allen, G. Stanfield, G. MacCarthy, J. Calder, R. Wilson, V. Vickers.

HOCKEY CHARACTERS

- T. W. Beauclerk, Captain. Goal. 2nd year on the team. A very reliable goal keeper who always inspired his team with confidence; one of the best the school has had for some time. Displayed unusual powers of anticipation. An excellent captain.
- D. Fauquier, Vice-Captain. R. Wing. 3rd year on the team. A natural skater with an easy style, who did not develop as he should have done. A good stickhandler but too inclined to be lethargic on the ice.
- J. Symington. R. Wing. 2nd year on the team. A beautiful stickhandler with a very powerful shot. Always covered his man and combined to great advantage with his centre. Very quick to seize an opening. Excellent poke check.
- E. R. Allen. L. Wing. 2nd year on the team. A fast skater with a hard and accurate shot. Learned to cover his man well. Good stickhandler. An immensely improved player.
- G. Stanfield. Centre. 2nd year on the team. A most unselfish player and one of the best playmakers the School has had of recent years. A tireless worker who was always ready to do more than his share of the work. Accurate shot.
- G. MacCarthy. Centre. 2nd year on the team. Has an excellent poke check. Very quick to seize an opening and slip through the defence. An accurate though not very powerful shot. Good cover and tireless worker.
- J. Calder. L. Wing. 1st year on the team. A much improved skater with a very accurate shot. Slow, but hard worker and often combined well with his centre. Good stickhandler.
- R. Wilson. L. Defence. 1st year on the team. Quite inexperienced at the beginning of the season, but always worked hard. Should get rid of the habit of carrying his stick in one hand.
- V. Vickers. R. Defence. 1st year on the team. A hard working defence man who has yet to learn how to use his body. Will be more effective when he can turn more quickly.

- L. Roberts. Spare defence. Shows promise but must learn to use his body.
- H. Cowans. Spare left wing. May be useful next year if he can increase his speed.
- G. Hyman. Spare centre or left wing. Has some knowledge of the game and shows promise.

F. E. B. W.

ASHBURY vs. MONTREAL HIGH SCHOOL

Played at the Auditorium, Saturday, January 21st.

Won 2-1.

Three fifteen minute periods were played.

The first period showed that the teams were well matched with Ashbury perhaps a little faster on the ice. Mid way through the period Allen broke away on his own, skated right in and beat the goal keeper with a shot that found the corner of the net.

The second period was well contested and just before the bell Montreal broke away with a three man rush which eluded the defence and succeeded in tying the score.

The final period witnessed some fast and exciting hockey and soon after the restart Symington secured the puck near the centre line, stickhandled his way through the defence and put Ashbury ahead. Montreal tried hard to even the score but all their efforts were well countered and the bell rang with Ashbury attacking, leaving them winners of a well fought game, 2-1.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Calder.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—Fauquier, McCarthy, Cowans, Wilson.

ASHBURY vs. LOWER CANADA COLLEGE

Played at the Forum, Montreal, on Monday, January 30th.

Won. 4-1.

Two twenty minute periods were played.

Ashbury pressed from the start and before two minutes had elapsed Symington had the puck in the net but the play was called back for offside. However the school were not to be denied and two minutes later a good passing movement took the puck down the ice, Stanfield passed to Symington and the latter had no difficulty in opening the scoring. Five minutes later Lower Canada

broke away and some loose work on the part of the defence allowed them to get right in and tie up the score. Ashbury at once took up the attack again; the forwards came down the ice and once more Stanfield gave Symington an excellent pass which he utilized to put Ashbury ahead.

The second period opened in rather a lifeless fashion but the teams soon warmed up and half way through the period another excellent passing movement took the play over the Lower Canada blue line and once more Stanfield gave Symington a pass from which the latter scored. Ashbury continued to have the better of the exchanges and a few minutes before the end McCarthy broke away and gave Fauquier a pass; Fauquier beat two men and put Ashbury further ahead with a shot that gave the goalkeeper no chance. Time was then called, leaving Ashbury winners, 4-1.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Calder.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—Fauquier, MacCarthy, Wilson, Cowans.

ASHBURY vs. BISHOP'S COLLEGE SCHOOL

Played at Lennoxville, Saturday, February 4th.

Won 4-2.

Three twenty minute periods were played.

The first period was fought out at a great pace, and for the first few minutes Bishop's pressed hard and came very near to scoring. However Ashbury soon got going, the forwards swept down the ice and Stanfield gave Allen a perfect pass from which he had no difficulty in scoring. Ten minutes before the end Basset secured the puck on his own blue line, stickhandled his way through the entire Ashbury team and tied up the score. There was no further scoring till just before the the bell when Ashbury attacked again and Symington passed to Allen who scored his second goal.

The second period did not produce any score but the hockey was still fast with very little to choose between the teams, and both goals had narrow escapes.

The pace diminished sensibly in the last period with neither side able to gain any tangible advantage, but during the last seven minutes Bishop's had a decided edge on the play and a few

minutes before the bell Bassett repeated his performance of the first period and went right through the Ashbury team to tie up the score.

It was decided to play two five minute periods of overtime. The first resulted in a further deadlock but Ashbury were playing better hockey and seemed to have recovered their form. Soon after the start of the second period the Ashbury forwards swept down the ice with some quick inter-passing which seemed to baffle the defence and Stanfield passed to Symington close in and he put Ashbury ahead with a fast shot into the corner of the net. A minute later Stanfield robbed one of the Bishop's defence on his own blue line, skated in and put the result beyond doubt. Time was then called with Ashbury winners of a hard fought game, 4-2.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Wilson.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—Fauquier, MacCarthy, Calder, Roberts, Cowans.

ASHBURY vs. UPPER CANADA COLLEGE

Played at the Auditorium, Saturday, February 11th.

Won 1-0.

Three fifteen minute periods were played.

The first period was marked by some fast passing attacks on the part of Ashbury and some excellent defence work by Upper Canada. The Upper Canada defence used their bodies to great effect and for some time this appeared to baffle the School forwards. Towards the end of the period after a series of attacks Stanfield secured from a rebound and put Ashbury ahead.

Upper Canada made strenuous efforts to tie up the score all through the second period but with no success. The Ashbury combination was not so good as usual and several passes went astray and the period ended with no further addition to the score.

For the first few minutes of the final period Upper Canada swarmed to the attack and it was only some wonderfully good work in goal on the part of Beauclerk that saved the School. As the period progressed Ashbury fought back and the last few minutes

were very exciting as Upper Canada sent four and five men up the ice in an effort to save the game. But Ashbury came back again and were attacking as the final bell went, leaving them winners, 1-0.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Wilson.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—Fauquier, MacCarthy, Calder, Roberts, Cowans, Hyman.

ASHBURY vs. LISGAR COLLEGIATE

Played at the Auditorium, Thursday, February 23rd.

Won 4-0.

Three fifteen minute periods were played.

This was a good fast game in which the speed and combination of the Ashbury forwards proved too much for their opponents. Several times the quick inter passing of the forwards seemed to leave Lisgar in doubt as to where the puck actually was. The scorers were, Symington (2), Allen and MacCarthy.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Wilson.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—MacCarthy, Calder, Roberts, Hyman, Fullerton.

ASHBURY vs. TRINITY COLLEGE SCHOOL

Played at the Auditorium, Monday, February 27th.

Draw 2-2.

Three fifteen minute periods were played.

The first period witnessed some exciting hockey as the Ashbury combination was frequently broken up by sturdy work on the part of the T.C.S. defence, and on several occasions it seemed as if our opponents must score. Five minutes before the end of the period the Ashbury forwards went down the ice together and Stanfield gave Symington his usual accurate pass which Symington utilized to the best advantage and put Ashbury ahead. Two minutes later Trinity broke away, one of their forwards got right in and tied up the score with a shot that gave Beauclerk no chance.

The second period was rather scrappy for a time, but both goals had narrow escapes. The period ended without any further addition to the score.

The final period was well contested as both sides made repeated efforts to break the tie. Seven minutes before the end Trinity came down the ice, eluded the defence and one of their forwards put them ahead. Ashbury came back at once and half a minute later, MacCarthy secured the puck, went through on his own and once more tied the score. The end soon came and, as it was not possible to play any overtime, the game was left drawn; 2-2.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Wilson.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—Fauquier, MacCarthy, Calder, Roberts, Hyman.

ASHBURY vs. LOWER CANADA COLLEGE

Played at the Auditorium on Saturday, March 4th.

Lost 2-4.

Three fifteen minute periods were played.

As soon as the game started it was obvious that Lower Canada had improved immensely on their form of the previous month and were playing much better together. Play was rather quiet for some time and though both goals had narrow escapes there was no scoring in this period.

Play opened at a faster pace as soon as the second period got under way, and some few minutes after the restart Stanfield shot hard, Symington secured the rebound and put Ashbury ahead. Half way through the period Lower Canada broke away and tied up the score. There was no further scoring in this period.

Lower Canada opened the third period at a fast pace and for the first few minutes had much the better of the play. The Ashbury defence did not cover their men effectively and Lower Canada scored twice in fairly quick succession. Ashbury fought back hard and after some few minutes' play Symington gave Allen a pass from which he reduced the deficit. With three or four minutes left for play Ashbury put four forwards on the ice in an attempt to save the game, but they were unable to score again and in the last minute Lower Canada broke away and scored their fourth goal, putting the issue beyond doubt and leaving them deservedly winners 4-2.

Ashbury :—

Goal—Beauclerk.

Defence—Vickers, Wilson.

Centre—Stanfield.

Wings—Symington, Allen.

Spares—Fauquier, MacCarthy, Calder, Roberts, Hyman.

F. E. B. W.

INTERMEDIATE HOCKEY

Under 15 vs. Selwyn House. Result—Won. (4-2).

This match was played at the Coliseum in Montreal on Tuesday, Feb. 7th. It was a thoroughly enjoyable game, save for a slight accident to Sharp in the first period, who fell and injured his wrist. Balders scored for Ashbury in the first three minutes, and again, later in the match. Lawson notched the other two points. Ashbury was faster, but their combination was decidedly superior to ours. Ferguson II was good on the defence and worked hard. Allan I was excellent in goal, as was Balders on the forward line.

Team:—Allan I, Ferguson II, Sharp, Lawson, Balders, Paterson. Spares: Dunning, Hurd and McCormick.

Mr. Pattison refereed.

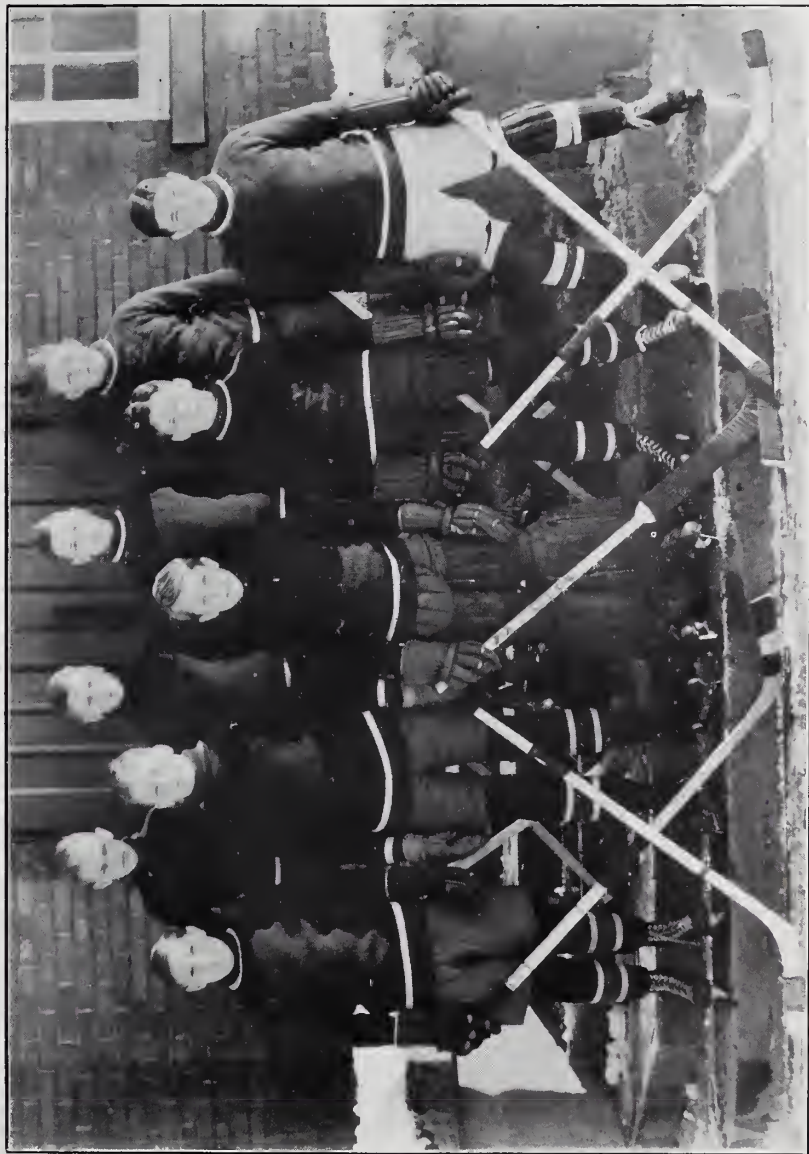

B. K. T. H.

JUNIOR SCHOOL vs. SELWYN HOUSE

On Tuesday, February 21st, the Junior School hockey team travelled to Montreal to play Selwyn House. The game was played at the Coliseum on indifferent ice and resulted in a win for Ashbury, 4-3. Ashbury's goals were all scored by Ronalds, the Captain, after individual rushes.

The School line-up was as follows: Grant, MacDonald, Snelling, Ronalds, Brown, Magor; Spares, Bryson, Colvil, Perley, Robertson I. H.M.P.

JUNIOR SCHOOL HOCKEY TEAM
1933

G. Bryson, J. Colvill, G. Perley, Robertson, L. Snelling,
J. Brown, L. Magor, W. Grant, E. MacDonald, J. Ronalds (Capt.)

CRICKET 1933

Old Colours:—D. Fauquier, T. W. Beauclerk, J. Symington.

Fauquier was elected captain and Beauclerk vice-captain.

The team this year is a young one but with practice should develop considerably as the season progresses, and we should be able to place a useful side in the field by the time that the School games are due.

UNDER 16 vs. B. C. S., LENNOXVILLE

This match was played on Friday, June 2nd at Lennoxville, in perfect cricket weather. The Ashbury team was by no means a representative one and possessed a long "tail". Our opponents won the toss and decided to bat first. By careful and correct cricket they compiled a score of 113, McEntyre carrying his bat through the innings for 31 runs. Hurd was easily our most successful bowler, taking seven wickets, all clean bowled. Our fielding was poor, nor was the team sufficiently on its toes. In the twenty minutes play before lunch, we lost five wickets for 13 runs, and on resuming afterwards, we speedily lost the remainder for an additional 12 runs. Thus B. C. S. led by 88 runs, and decided to put us in again. In the second innings we did much better and showed more enterprise. Dunning hit out and soon collected 32. Ferguson II stayed in and kept up his end, making 7 in about an hour! Hurd, our captain contributed 12 and McCormick 8. And thus we lost the match by an innings and 16 runs. Nevertheless, it was a thoroughly enjoyable game, and was played in a spirit of keen friendliness. We congratulate the B.C.S. team on their excellent all-round cricket. The game was followed by a delightful bathe in the St. Francis River, whither our old friend, the Rev. J. R. Allen accompanied us. On his immersion, those boys who were not noticing, were more or less overwhelmed in the rapid rising of the water! After supper, the Prep. School entertained us with a play, "The Seven Missionaries", the action of which took place on board ship. Four of the Missionaries must have missed the boat as only three were 'en evidence'. In reality, those three were bootleggers, their cargo of Bibles proving to be gold ingots. However, the ship was blown to pieces, the bootleggers likewise, and, of course, the hero married the Captain's daughter! It was all very amusing and we tender our thanks to the Prep. School actors.

On Saturday morning we joined forces with B.C.S. and sides were picked from each; a very pleasant game followed. Then another bathe, an excellent lunch, and so home. Mr. Allen was most attentive and kind, and spared no effort to give us a good time. To the Headmaster, Mr. Allen, and the boys we say, "Thank you very much, and we took forward to your visit to us next year.

B.K.T.H.

CROSS COUNTRY RACE

This year it was decided to hold the Senior Race only, and this was held on Monday afternoon, May 8th. The weather was ideal as the day was not too hot, but the going was heavy over part of the course, and Clark II, the winner, is to be congratulated on returning a time within twelve seconds of the record for the course.

The entries for this race are still too small and it is to be hoped that another year will see an improvement in this respect.

Weldon held the lead over the greater part of the course but did not appear quite so fit as he was last year and was overhauled in the last quarter mile. Clark ran a very well judged race and timed his effort to good purpose; he shows considerable promise. Paterson also ran well but has yet to learn to run himself out. Clark also secured the medal for the fastest scratch time.

The times given below are elapsed times.

1. Clark II	26.49
2. Weldon	28.25
3. Ferguson I	29.08
4. Morrison	30.17
5. Paterson	30.23
6. Cooke	29.07
7. Wurtele	31.50

All the above score points for their Houses.

8. MacBrien	32.16
9. Whalley	32.35
10. Kirkwood	32.16

Allen II and Lawson did not complete the course.

The winner scores 4 points, the 2nd 3 points, and the 3rd 2 points, while each of the other runners who completes the course within 5 minutes of the winner scores 1 point.

The House points are as follows:—

Dominion	10
Montreal	2
Ottawa	1

F. E. B. W.

SKI-ING

The cross country races were held on February 7th.

The senior race started as usual from the hut near Pink Lake and ended on the edge of the hill overlooking Fairy Lake. The Junior School also covered the same course as last year. Snelling was the winner of the Junior race.

The jumping competition was also held at Fairy Lake and proved an easy victory for MacBrien, who jumped well.

The ski-ing cup was won by Symington who did well in both events.

The weather again prevented any attempt to hold the turning competition.

SENIOR SKI RACE

The following are the placings :—

1.	MacCarthy	18.40
2.	Wilson II	19.30
3.	Symington).....	
	Yuile).....	19.50
	Clark II).....	
6.	MacBrien	20.10

5 points to the winner and 3 points to the 2nd.

House Points :—

Ottawa	8
Dominion	0
Montreal	0

SKI JUMPING

1.	MacBrien	36 1/3 feet
2.	Symington	21 2/3 feet
3.	Cowans	19 2/3 feet

LIST OF EVENTS AND RESULTS

JUNIOR LIGHTWEIGHT—

Lawrence defeated Wright in the Semi-Final.
Viets defeated Lawrence in the Final.

JUNIOR HEAVYWEIGHTS—

Ronalds defeated Magor in the Semi-Final.
Macdonald defeated Ronalds in the Final.

INTERMEDIATE LIGHTWEIGHT—

Davidson defeated Wurtele in the Final.

INTERMEDIATE MIDDLEWEIGHT—

Paterson defeated Stuart in the Semi-Final.
Hurd defeated Boutilier in the Semi-Final.
Paterson defeated Hurd in the Final.

INTERMEDIATE HEAVYWEIGHT—

MacBrien defeated Powell in the Semi-Final.
Fullerton defeated MacBrien in the Final.

SENIOR LIGHTWEIGHT—

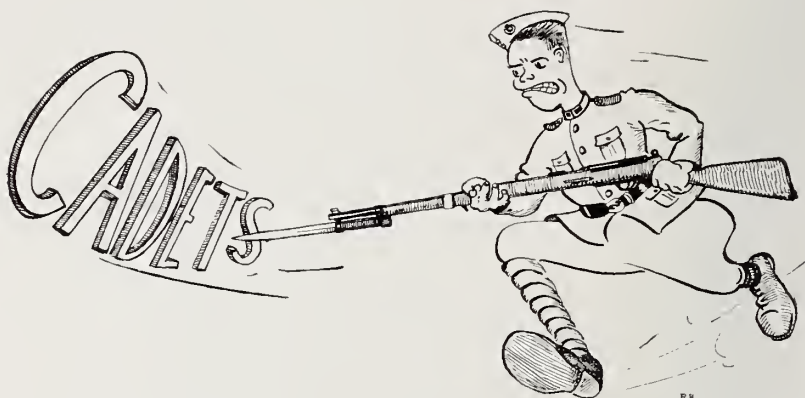

Symington defeated Allen II in the Semi-Final.
Symington defeated Heuser II in the Final.

SENIOR HEAVYWEIGHT—

Fauquier 1 defeated Vickers in the first round.
Fauquier 1 defeated Beauclerk in the Semi-Final.
Wodehouse defeated Gale in the Semi-Final.
Wodehouse defeated Fauquier 1 in the Final.

GRANT CUP—

Fauquier 1 was declared the winner of the Grant Cup for abilities in Ring Craft.

THE CADET CORPS INSPECTION AND DISPLAY OF GYMNASTIC TRAINING.

The above Events were held on Wednesday, May 3rd, in cool and somewhat damp weather.

High praise for their unusually smart appearance on parade was given the Cadet Corps following their inspection by Brigadier W. B. Anderson, C.M.G., D.S.O., District Officer Commanding Military District No. 3. He particularly commended the cadets for their well-blackened shoes and the neat manner in which their puttees were worn. "This neatness had never been surpassed in any Cadet Corps he had inspected," he remarked. Brigadier Anderson stated that though he was not an Ashbury old boy he had the distinction of being one of the first pupils Rev. Dr. Woollcombe had taught in Ottawa.

Keen competition marked the platoon drill, but after some deliberation No. 2 Platoon under T. W. Beauclerk was adjudged the winner of the coveted Woods Trophy.

Following formation of the Corps in hollow square three cheers were given for Brigadier Anderson and for the Headmaster.

D. Fauquier was company leader, other officers and non-commissioned officers being as follows: No. 1, J. Calder, platoon leader; Sergt. C. Gale and Corporals G. Ferguson and W. Hadley; No. 2, T. W. Beauclerk, platoon leader; Sergt. R. Wilson, Corporals J. Symington and D. Heuser; G. Wodehouse, Hamilton Southam, signal section; Drum Major C. W. Vickers, Bugle Sergt. Michael MacBrien, Bugle Band.

Brigadier Anderson was accompanied by Col. Hill and Captain M. Isbester, M.C.

The exhibition of gymnastics and physical training was viewed with keen interest by the large number of visitors. Club swinging, exhibitions of horse work, parallel bar work and a tableau by the senior boys in particular evoked outbursts of applause. Captain M. Isbester, M.C., district cadet officer, was present during the afternoon and acted as a judge.

Trophies presented by Mrs. Rowley were as follows: Shooting, O'Connor Cup, D. Fauquier, 91.6; Scott Cup, E. Allen, 91.3; Cox Cup, D. Wurtele, 85.0; Humphrey Cup, G. Bryson, 94.0; Highest Aggregate Medal in the Dominion of Canada Rifle Association competition, D. Fauquier, aggregate 275; 2nd Class Medal, D.C. R.A. Competition, E. Allen, 9.10; District Cadet Officer's Silver Medal (donor Captain M. Isbester, M.C.), for obtaining the highest aggregate score in the teams entered in the Laura Secord Competition, won by H. Cowans, average 91.0.

Connaught Cup for Gymnastics, J. Symington; Senior Ski-ing Competition, J. Symington.

Following the Presentation of Prizes, the Guests were entertained to tea by the Headmaster and Mrs. Woollcombe.

Sergeant-Major Stone was warmly congratulated both by the Headmaster and Col. S. H. Hill on the excellent way in which he had trained the Cadet Corps and also for his work in the Gymnasium.

CADET CORPS NOTES

The following are the results of the Laura Secord Competition.

Ashbury College Cadet Corps entered two teams in the competition. A Team proved to be a little superior to B Team, although the Silver medal for the highest Score made in the competition was won by a member of B. Team with a score of 91.

Yuile	107	0	96	41	244

MacCarthy and Yuile did not compete in the exercises which were set for the Horizontal Bar.

A GLIMPSE BACK STAGE IN A LARGE THEATRE OF THE AIR.

Through the courtesy of the management, I was permitted to inspect behind the scenes of a large central broadcasting station in Montreal.

The station occupies the top floor of one of the office buildings on St. Catherine Street in the centre of the shopping district.

A series of studios are centred about a central control room and these vary in size, the largest being capable of accommodating a fifty-piece orchestra with two grand pianos. Each studio is made sound proof by having walls, ceilings and even windows, covered with boards of sound-absorbing material; double doors help to maintain complete silence.

In the walls large oblong openings have been set protected by double windows with an air space in between; these enable the control engineer to see what is going on without entering.

Studios are equipped with one or more microphones of the dynamic type, which can be easily lifted and carried to any part of the room.

In the central control room is the broadcasting apparatus, which is in a steel case not open for inspection. It resembles in some ways the switchboard of a large telephone exchange with its numerous plugs to carry broadcasts over the wires. On the engineers table are several dials which regulate the volume of each microphone, bringing it up, or tuning it down to the desired tone.

Recording programmes are done from a separate studio using two glass encased gramophones with a central control arm which switches the playing from one machine to the other without a second's delay.

Orchestral concerts must be arranged with great care. All instruments must be placed scientifically to produce the proper result and this requires technical skill and knowledge as to what the microphone will do. A cello for instance must be raised $4\frac{1}{2}$ inches from the floor, or no sound will reach the microphone, also the bass viol must be in the farthest corner of the room.

During the playing of a number, if certain instruments are required to be emphasized, the players take up positions in front of the microphone at a specified distance, shown by chalk lines drawn on the floor.

One is amazed by the low tone in which the announcer talks; he is scarcely audible above the theme song. In order that absolute silence may be maintained, the announcer's words are pasted on stiff cardboard to avoid the rustle of turning sheets.

The broadcast I witnessed was a simultaneous one in both French and English, the French announcer being in a separate studio. A very important detail in perfect synchronization. Each announcer wears earphones which enable him to hear his fellow announcer, so that they may both finish speaking at the same time.

On the wall above the oblong window a warning red light flashes to tell the announcer that his broadcast must finish in 30 seconds; the theme is struck by the orchestra in muted tones and the announcer says his final lines, leaving about 10 seconds for station announcements; the light flashes again and another station hundreds of miles away comes on the air on the same network.

J. S.

HOWLERS

The Yellow Peril means a banana skin left on the pavement.

Henry the Eighth was the world's greatest widower, and in later life he developed a limp through having an abcess on his knee.

Leap year is instead of its being the next day on the same day next year it's the day after.

A National Government is one where all the parties forget themselves.

The Chamois lives in mountainous regions, and is a wonderful leaper. It is difficult to catch. It is a pale yellow colour, and has to be washed carefully because it is liable to stretch.

The pilgrims went to Canterbury to slay Joe Beckett.

Sir Walter Raleigh was the first man to see the Invisible Armada.

Anonymous was the man who wrote all the poems that were not signed.

A sculptor is a man who makes faces and busts.

“CROSSING THE LINE”

A Memorable Experience
(Excerpt from a cruiser's diary)

All the passengers and some of the crew gathered on the bridge and round the swimming pool on the foredeck. As six bells struck, thirty members of King Neptune's Court and Nautical Band, with His Aquatic Majesty in their midst, appeared, and proceeded to parade about the pool (alliteration, what!).

The pigment of their skin took in all the shades from a pale bilious green to a violent mauve. When the mandolin, drum, and kazoos had tired of making their fearful din, the Court seated itself on the platform beside the pool and settled down to the real business of the day.

The Neptunian policemen, who can only be distinguished from the regulation 'boddies' by their long red noses and three pairs of bifocal glasses, (breathe here) were sent among the crowd to call for volunteers.

Seeing that nothing really drastic occurred to those who wished to be initiated, I took the plunge.

Led up on the platform by two healthy policemen, I was asked my name, and while a Neptunian henchman grasped each arm, another sat on my solar plexus, and a fourth held my nose, a fifth endeavored—without success, thank goodness,—to pour some red

liquid "medicine" down my throat. I was then asked if I could smell two fish that were held in front of my nose. I answered that I could, quite truthfully—they were at least a week old. This reply either nonplussed or displeased the Seventeenth-in-Command, because he called for a double dose of lather. I was thereupon placed in a chair, hinged to the side of the pool, with my back to the water. A liberal lather—soap, whipped cream, and talcum powder, at any rate, unpalatable—was applied to my face, head, and half way down my back. I was next treated to a free haircut and shave with a pair of three-foot wooden shears and a four-foot wooden razor. As this operation was drawing to a close, I was unceremoniously and quite without warning pushed back into the pool.

Every time I came up for air, the King's retainers, who were stationed in the pool, played the old game of 'I push you under' with me as the push-you-under. However they soon tired of this amusement, and I was allowed to crawl out in a semi-drowned condition, but also as a Freeman of His Aquatic Majesty King Neptune's Equatorial Regions.
